Our Policy on Market Timing

The Fund is designed and managed to support medium to long-term investments. In this regard, we take a serious view of, and strongly discourage the practice of, market timing (that is, investors conducting short-term buying or selling of Units to gain from inefficiencies in pricing) as such practices may cause an overall detriment to the long-term interests of other investors. In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors. For the reasons set out above, we strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice to the extent of our powers available under the Deed. We intend to review our policy on market timing from time to time in a continuous effort to protect your long-term interests in the Fund.

7.2 The Sub-Fund will be managed by us as a direct investment vehicle.

7.3 The Sub-Fund currently offers two Classes of Units, namely Class A Units and Class I Units. Class A Units and Class I Units have different subscription and minimum holding requirements as set out in paragraph 12.2 of this Prospectus and different rates of charges as set out in paragraph 10 of this Prospectus.

8. Investment Objective, Focus and Approach

8.1 Investment Objective

The LionGlobal Singapore Fixed Income Investment aims to achieve steady returns over time by investing primarily in bonds and other debt securities denominated in Singapore Dollars. In addition, the Sub-Fund may also invest in bonds and other debt securities in currencies other than the Singapore Dollar. Our current intention is to invest the Sub-Fund as a direct investment portfolio.

8.2 Investment Focus and Approach

For the LionGlobal Singapore Fixed Income Investment, our current intention is to invest it as a direct investment portfolio investing primarily in bonds and other debt securities denominated in Singapore Dollars. In addition, the Sub-Fund may also gain exposure to bonds through investing into other bond funds. It may also invest in bonds and other debt securities in currencies other than the Singapore Dollar. There is no single issuer limit of 10% applicable if the assets of the LionGlobal Singapore Fixed Income Investment are invested in Singapore Government bonds. Therefore it may be possible that all or substantially all of the assets of the Sub-Fund are invested in Singapore Government bonds.

(i) Investment Philosophy

We aim to deliver consistent outperformance on a risk adjusted basis through market cycles. As an active asset manager, we seek to add value through the effective combination of research driven investment ideas and rigorous portfolio construction disciplines. In addition, we will manage five principal areas of risks, namely, country, duration, interest, currency and credit.

(ii) Investment Process

Our investment process incorporates both the 'top-down' and 'bottom-up' approaches. The top-down approach employs three forms of analysis - fundamental, technical and valuation and leads to macro decisions, on country allocation, duration, yield curve positioning and currency.

The bottom-up approach involves research into each company's business, financial and credit position and aims to enhance the portfolio's return via active credit selection and on-going credit monitoring.

Please note that Units of the Sub-Fund are Excluded Investment Products and prescribed capital markets products. Accordingly, the Sub-Fund will not invest in any product or engage in any transaction which may cause the Units of the Sub-Fund not to be regarded as Excluded Investment Products and prescribed capital markets products.

8.3 Investment style and benchmark usage

The benchmark of the Sub-Fund is the JP Morgan SGB Index. The Sub-Fund uses its benchmark for performance comparison. The Sub-Fund is actively managed and the investment of the Sub-Fund may deviate significantly from components of their respective weightings in the benchmark.

8.4 Product Suitability

The Fund is only suitable for investors who:

- are looking for liquidity; and
- are seeking a steady return over time.

9. Sub-Fund Included under the CPF Investment Scheme

9.1 Class A Units of the LionGlobal Singapore Fixed Income Investment is included under the CPF Investment Scheme ("CPFIS") - Ordinary Account and CPF Investment Scheme - Special Account. It has been classified by the CPF Board under the risk classification of Low to Medium Risk - Narrowly Focused – Country - Singapore. The benchmark against which Class A Units of the Sub-Fund's performance is to be measured is the JP Morgan SGB Index.

The CPF Board currently pays a legislated minimum annual interest rate of 2.5% on monies in the CPF Ordinary Account. The CPF interest rate for the CPF Ordinary Account is based on the 3-month average of the major local banks' interest rates, reviewed quarterly.

The interest rate for the Special and Medisave Accounts ("SMA") is either pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1% or will be 4%, whichever is the higher, adjusted quarterly. The interest rate to be credited to the CPF Retirement Account ("RA") is the weighted average interest rate of the entire invested portfolio. New savings credited to the RA earn either the 12-month average yield of the 10YSGS plus 1% computed for the year or 4%, whichever is the higher, adjusted yearly. A 4% per annum floor rate will be maintained until 31 December 2023 for interest earned on the SMA and for interest earned on the RA. After 31 December 2023, the 2.5% per annum legislated minimum interest rate as prescribed by the CPF Act will apply to the SMA and RA.

In addition, the CPF Board pays an extra interest rate of 1% per annum on the first \$60,000 of a CPF member's combined balances (capped at \$20,000 for the CPF Ordinary Account). The first \$20,000 in the CPF Ordinary Account and the first \$40,000 in the CPF Special Account are not allowed to be invested under the CPFIS.

For members aged 55 and above, the CPF Board pays an extra 2% interest on the first \$30,000 of their combined balances (capped at \$20,000 for the CPF Ordinary Account), and an extra 1% interest on the next \$30,000. This means that they will earn up to 6% interest per annum on their retirement balances.

You should note that the applicable interest rates for each of the CPF Accounts may be varied by the CPF Board from time to time.

Subscriptions using CPF monies shall at all times be subject to the regulations and such directives or requirements imposed by the CPF Board from time to time.

Such expenses shall exclude those for the preparation, printing, lodgement and distribution of prospectuses or product highlights sheets.

11. Risks

11.1 General risks

You should consider and satisfy yourself as to the risks of investing in the Sub-Fund. Generally, some of the risk factors that should be considered by you are market, derivatives, liquidity, political, repatriation, regulatory, currency risks, and risks associated with investments in debt securities which are default and interest rate risks.

An investment in the Sub-Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

11.2 Specific risks

11.2.1 Market Risks

The risks of investing and participating in listed and unlisted securities apply. Prices of securities may go up or down in response to changes in economic conditions, interest rates, and the market’s perception of securities. These may cause the price of Units in the Sub-Fund to go up or down as the price of Units in the Sub-Fund is based on the current market value of the investments of the Sub-Fund.

There are risks of investing in bonds and other fixed income securities. Bond prices may go up or down in response to interest rates with increases in interest rates leading to falling bond prices.

The market prices of bonds and other fixed income securities are also affected by credit risks, such as risk of default by issuers and liquidity risk.

³ “**Deposited Property**” means all the assets, including cash, for the time being held or deemed to be held upon the trusts of the Fund (or if the context so requires in relation to the Sub-Fund, the part of the assets attributable to the Sub-Fund).

11.2.2 Derivatives Risks

The Sub-Fund may from time to time invest in derivatives, which are financial contracts whose value depends on, or is derived from, the value of an underlying asset, reference rate or index. Such assets, rates and indices may include bonds, shares, interest rates, currency exchange rates, bond indices and stock indices.

While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk and leverage risk.

We do not intend to use derivatives transactions for speculation or leverage but may use them for efficient portfolio management and hedging the existing exposure of the Sub-Fund provided that derivatives are not used to gear the overall portfolio. We will attempt to minimise the risks through careful selection of reputable counterparties and constant monitoring of the Sub-Fund's derivatives positions.

Derivative instruments are highly volatile instruments and their market values may be subject to wide fluctuations and expose the Sub-Fund to potential gains and losses. Where such instruments are used, we will ensure that the risk management and compliance procedures and controls adopted are adequate and have been or will be implemented and that we have the necessary expertise to manage the risks relating to the use of these financial derivative instruments. Depending on the severity, non-compliance or deviation from established controls or limits will be escalated to senior management and monitored for rectification. We have a dedicated team which oversees portfolio risk management.

Additionally, all open positions/exposure to derivatives will be marked to market at a frequency of at least equal to the frequency of the net asset value calculation of the Sub-Fund.

We have a structured Compliance Monitoring Program ("CMP"). There is a dedicated compliance team to implement the CMP. Our investment compliance team separately monitors the portfolios for compliance with the investment guidelines. Investment guidelines will be reviewed by the investment compliance team and checks will be programmed into our automated pre-trade compliance system as far as possible. In addition, guidelines which cannot be electronically monitored will be manually checked for compliance. We may modify the risk management and compliance procedures and controls at any time as we deem fit and in the interests of the Sub-Fund.

The global exposure of the Sub-Fund to financial derivatives or embedded financial derivatives will not exceed 100% of the net asset value of the Sub-Fund.

We currently use the commitment approach as described in Appendix 1 of the Code to determine the Sub-Fund's exposure to financial derivatives. In determining the Sub-Fund's exposure to financial derivatives, we will adopt the calculation methods set out under paragraph 4.10 of Appendix 1 of the Code.

In addition to the provisions on derivatives as set out in Appendix 1 of the Code, the LionGlobal Singapore Fixed Income Investment shall comply with the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of this Sub-Fund as Excluded Investment Products and prescribed capital markets products.

11.2.3 Political Risks

The political situation in the countries may have an effect on the value of the securities of companies in whose securities a Sub-Fund has invested, which may in turn impact on the value of the Units in the Sub-Fund.

11.2.4 Currency Risks

The net asset value per Unit of the Sub-Fund and Class will be computed in the base currency of the Sub-Fund i.e. Singapore Dollars whereas the investments held for the account of the Sub-Fund may be acquired in other currencies. The base currency value of the investments of the Sub-Fund designated in another currency may rise and fall due to exchangeable fluctuations in respect of the relevant currencies. Adverse movements in currency exchange rates can result in a decrease in return and a loss of capital. The investments of the Sub-Fund may or may not be fully hedged into its base currency. In addition, currency hedging transactions, while potentially reducing the currency risks to which the Sub-Fund would otherwise be exposed, involve certain other risks, including the risk of a default by a counterparty.

Where the Sub-Fund enters into “cross hedging” transactions (e.g., utilising currency different than the currency in which the security being hedged is denominated), the Sub-Fund will be exposed to the risk that changes in the value of the currency in which the securities are denominated, which could result in loss on both the hedging transaction and the relevant securities.

11.2.5 Risks associated with investments in debt securities

(i) Default Risks

Investments in debt securities are subject to adverse changes in the financial condition of the issuer, or in general economic conditions, or both, or an unanticipated rise in interest rates, which may impair the ability of the issuer to make payments of interest and principal, especially if the issuer is highly leveraged. Such issuer’s ability to meet its debt obligations may also be adversely affected by specific corporate developments, or the issuer’s inability to meet specific projected business forecasts, or the unavailability of additional financing. Also, an economic downturn or an increase in interest rates may increase the potential for default by the issuers of these securities.

(ii) Interest-rate Risks

Investments in debt securities are also subject to the risk of interest-rate fluctuations, and the prices of debt securities may go up or down in response to such fluctuations in interest rates.

The above should not be considered as an exhaustive list of the risks which you should consider before investing in the Sub-Fund. You should be aware that an investment in the Sub-Fund may be exposed to other risks of an exceptional nature from time to time.

12. Subscription of Units

12.1 Subscription procedure

Applications for Class A Units and/or Class I Units may be made to us on the application form prescribed by us or through any of our appointed agents or distributors or through any other sales channels, if applicable.

You may pay for Class A Units with cash, Supplementary Retirement Scheme (“**SRS**”) monies or CPF monies, and may pay for Class I Units with cash.

If you have purchased Class A Units using your CPF or SRS monies, you may not be registered as Joint Holders of the Units. No transfer is permitted in respect of Units purchased by you with SRS monies or CPF monies, unless required or permitted by applicable laws or the relevant authorities.

If you are paying with CPF or SRS monies, you shall instruct your CPF agent bank or the CPF Board or SRS operator bank (as the case may be) to withdraw monies from your CPF Account or SRS account (as the case may be) in respect of the Units applied for. You should also indicate on the application form that you wish to use your CPF or SRS monies to purchase Units.

Notwithstanding receipt of the application forms, we shall retain the absolute discretion to accept or reject any application for Units in accordance with the provisions of the Deed. If an application for Units is rejected by us, the application monies shall be refunded (without interest) to you within a reasonable time in such manner as we or the relevant authorised distributor shall determine.

We will not issue certificates.

Any applicable bank and related charges incurred shall be borne by you.

Units will only be issued when the funds are cleared, although we may at our discretion issue Units before receiving full payment in cleared funds.

12.2 Minimum Initial Subscription, Minimum Subsequent Subscription, Minimum Holding and Regular Savings Plan

Classes	Minimum Initial Subscription	Minimum Subsequent Subscription	Minimum Holding*	Regular Savings Plan**
Class A Units	S\$1,000	S\$100	1,000 Units	S\$100
Class I Units	S\$1,000,000	S\$100,000	1,000,000 Units	none

* See paragraph 14.2 for further details on the Minimum Holding for Class A Units and Class I Units.

** See paragraph 13 for further details on the regular savings plan.

Class I Units are available only to our clients who meet the minimum account maintenance or qualification requirements established from time to time by us, further details of which may be obtained from us.

12.3 Dealing deadline and pricing basis

12.3.1 Dealing deadline

The dealing deadline is 3 p.m. Singapore time on each Dealing Day (the “**Dealing Deadline**”) (as defined below). Units in respect of applications received and accepted by us before the Dealing Deadline will be issued at that Dealing Day’s Issue Price.

Applications received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day. If funds are not received for value by us by the 3rd Business Day (or such other day as we may determine with relevant notice to the Trustee) after an application for Units, such application will be deemed to be cancelled.

The “**Dealing Day**” is each day which is a Business Day in Singapore.

A “**Business Day**” means any day (other than a Saturday, Sunday or gazetted public holiday) on which commercial banks are open for business in any particular place or any other day as we and the Trustee may agree in writing.

12.3.2 Pricing basis

As all Classes of Units are issued on a forward pricing basis, the issue price (the “**Issue Price**”) of Units shall not be ascertainable at the time of application. In purchasing Units, you pay a fixed amount of money e.g., S\$1,000. Based on this fixed amount of S\$1,000, you will get the number of Units (including fractions of Units to be rounded to the nearest two (2) decimal places or such other number of decimal places or such other method of rounding as we may determine with the approval of the Trustee) obtained from dividing S\$1,000 (after deducting the relevant preliminary charge) by the Issue Price when it has been ascertained later.

The Issue Price per Unit in the Sub-Fund or Class (apart from the initial issue of Units) shall be ascertained by us by:

- (i) determining the value equal to the net asset value per Unit of the Sub-Fund or Class (calculated in accordance with Clause 10 of the Deed) as at the valuation point on the relevant Dealing Day; and
- (ii) adjusting such figure downwards to the nearest S\$0.001 (or such other number of decimal places or such other method of rounding as we may from time to time determine with the approval of the Trustee).

The preliminary charge shall be retained by us and any amount of any adjustment shall be retained by the Sub-Fund or relevant Class.

We may, subject to the prior approval of the Trustee, change the method of determining the Issue Price and the Trustee shall determine if the Holders should be notified of such change.

12.4 Numerical example of how Units are allotted:

The number of Class A Units you will receive with an investment of S\$1,000 (assuming a preliminary charge of 3% and at a notional Issue Price of S\$1.000[^]) will be calculated as follows:

S\$1,000.00	-	S\$30.00	=	S\$970.00	/	S\$1.000 [^]	=	970.00 Units
Investment amount		3% Preliminary charge [#]		Net Investment Sum		Notional Issue Price (= net asset value per Unit)		No. of Class A Units allocated

The number of Class I Units you will receive with an investment of S\$1,000,000 at a notional Issue Price of S\$1.000[^] will be calculated as follows:

S\$1,000,000.00*	/	S\$1.000 [^]	=	1,000,000.00 Units
Investment amount/Net Investment Sum		Notional Issue Price (= net asset value per Unit)		No. of Class I Units allocated

* Currently no preliminary charge is payable on subscriptions for Class I Units.

[^] You should note that notional Issue Price is for illustrative purposes only and is not indicative of any future or likely performance of the Sub-Fund.

[#] For Class A Units purchased with CPF monies, the preliminary charge is 0%

12.5 Confirmation of purchase

A confirmation note detailing your investment amount and the number of Units allocated to you in the Sub-Fund will be sent to you within ten (10) Business Days from the date of issue of such Units.

12.6 Cancellation of Units

If you are subscribing for Units in the Sub-Fund for the first time, subject to Clause 13(A) of the Deed and to the cancellation terms and conditions contained in the Notice to Cancel form, you shall have the right to cancel your subscription of Units within seven (7) calendar days from the date of subscription of Units (or such longer period as may be agreed between us and the Trustee or such other period as may be prescribed by the MAS) by providing notice in writing to us or our authorised distributors. Subject to the provisions of the Deed, you will be refunded the lower of the market value of the Units held on the day of receipt and acceptance of such form or the original amount paid by you. Where the market value of the Units held is greater than the original amount paid by you, we are not obliged to pay the excess amount to you and the excess amount shall be retained in the Sub-Fund. Any applicable bank and related charges incurred in the cancellation of Units and in returning the application monies would be borne by you.

Full details relating to the cancellation of Units may be found in the cancellation terms and conditions contained in the Notice to Cancel form, which may be obtained from us or our authorised agents or distributors.

13. Regular Savings Plan

Holders of at least 1,000 Class A Units in the Sub-Fund (or the number of Units which were or would have been purchased for S\$1,000 at the prevailing Issue Price at the time of their initial subscriptions or purchase of Units) may participate in our regular savings plan (the “**Regular Savings Plan**”) for that Sub-Fund by investing a minimum of S\$100 every month on a fixed day per month (or such other amount as we may determine) through direct debit. Holders have a choice of paying for Class A Units with cash, SRS monies or CPF monies. Any applicable bank and related charges incurred shall be borne by the Holder.

Units are allotted and payment will be debited from the Holder’s bank account or SRS account or CPF Account on the 25th day of each month (or such other day as the distributors may stipulate) commencing on the month following the activation of the Holder’s direct debit instruction. Where the 25th day of any month (or such other day as the distributors may stipulate) is not a Business Day, the Holder’s bank account or SRS account or CPF Account will be debited on the next Business Day.

A Holder may terminate his participation in the Regular Savings Plan without suffering any penalty upon giving 30 days’ written notice (or such other period of notice as may be determined by us provided that such period of notice shall not be longer than the period between the regular subscriptions) to us or our agents or distributors.

If a Holder is in breach of his obligations under the Regular Savings Plan or fails to maintain sufficient funds in his bank account or SRS account or CPF Account, we may terminate the participation of that Holder in the Regular Savings Plan upon serving a written termination notice to such Holder.

There is no Regular Savings Plan for Class I Units.

We shall not assume any liability for any losses arising from the Holder’s payment for the Regular Savings Plan via direct debit transactions.

Any applicable bank and related charges incurred shall be borne by the Holder.

14. Realisation of Units

14.1 Realisation procedure

Holders may realise their holdings in the Sub-Fund on any Dealing Day by submitting realisation forms to us or through our appointed agents or distributors. Holders may realise their Units in full or partially, subject to paragraph 14.2. A copy of the realisation form may be obtained from us upon request or through any of our appointed agents or distributors.

You should note that any realisation of Class A Units or Class I Units of the Sub-Fund may be limited by the total number of Units in the Sub-Fund or Class to be realised on any Dealing Day and may not exceed 10% of the total number of Units relating to such Sub-Fund or Class then in issue, such limitation to be applied proportionately to all Holders of the Class A Units or the Class I Units in the Sub-Fund, as the case may be. Any Units not realised shall be realised on the next Dealing Day, subject to the same limitation. You should note that Units cancelled according to paragraph 12.6 of this Prospectus will be included in determining whether this 10% limit is exceeded.

14.2 Minimum holding and minimum realisation amount

The minimum holding and minimum realisation amount for each Class are set out in the table below. We may, from time to time, (i) set such other number of Units in each Class as the minimum holding in accordance with the Deed or (ii) set such lower amount for each Class as the minimum realisation amount in any particular case.

Class	Minimum Holding	Minimum Realisation Amount
Class A Units	1,000 Units	100 Units
Class I Units	1,000,000 Units	100 Units

Holders should note that they are not entitled to realise part only of their holding of Class A or Class I Units (whichever is applicable) in relation to the Sub-Fund if it would lead to the Holder's holding of Class A or Class I Units (whichever is applicable) in the Sub-Fund being reduced to less than the minimum holding (as stated in paragraph 12.2). In such an event, we shall be entitled to require such Holder to realise all of his holding of Class A or Class I Units (whichever is applicable) of the Sub-Fund.

14.3 Dealing deadline and pricing basis

As Units are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation.

Units in respect of realisation forms received and accepted by us by the Dealing Deadline of 3 p.m. Singapore time on each Dealing Day shall be realised at that Dealing Day's realisation price calculated in accordance with the provisions of the Deed. Realisation forms received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The realisation price (the "**Realisation Price**") applicable to any Dealing Day shall be determined by:

- (i) calculating the net asset value per Unit as at the valuation point in respect of the Dealing Day on which the realisation request is received or, if the realisation of Units is suspended according to paragraph 17 of this Prospectus, in respect of the Dealing Day immediately following the cessation of such suspension; and
- (ii) adjusting the resultant figure downwards to the nearest S\$0.001 (or such other number of decimal places or such other method of rounding as we may from time to time determine with the approval of the Trustee).

The Realisation Charge (if any) shall be retained by us and the amount of any rounding adjustment shall be retained by the relevant Sub-Fund or Class (unless permitted by the MAS to be retained by us).

We may, subject to the prior approval of the Trustee, change the method of determining the Realisation Price and the Trustee shall determine if the Holders should be notified of such change.

14.4 Numerical example of how the amount paid to you is calculated, based on the realisation of 100 Units in the Sub-Fund at a notional Realisation Price of S\$1.150[^] per Unit (assuming that there is no Realisation Charge):

100 Units	X	S\$1.150 [^]	=	S\$115.00
No. of Units		Notional Realisation Price (= net asset value per Unit)		Realisation proceeds

[^] You should note that the notional Realisation Price is for illustrative purposes only and is not indicative of any future or likely performance of the Sub-Fund.

14.5 Payment of realisation proceeds

Realisation proceeds shall be paid within seven (7) Business Days (or such other period as may be permitted by the MAS) of receipt and acceptance of the realisation form by us unless the realisation of Units has been suspended in accordance with paragraph 17 of this Prospectus.

If you are a resident outside Singapore, we shall be entitled to deduct from the total amount (which would otherwise be payable on the purchase from you) an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if you had been resident in Singapore.

Any applicable bank and related charges incurred in the payment of realisation proceeds shall also be borne by you.

14.6 Realisation of Units by us

We may compulsorily realise your holding of Units in certain circumstances. Please see paragraph 22.10 for further details.

15. Switching of Units

15.1 We may at our discretion and on such terms and conditions as we may impose, subject to the terms of the relevant trust deeds, permit each Holder of Units of the Sub-Fund (the “**original Fund**”) from time to time to switch all or any of the Units held by him into Units of a New Fund or New Units. Any switching shall be effected by way of realisation of Units in the original Fund and followed by issuance of units in the New Fund or New Units subject to the terms of the relevant trust deed upon the receipt of cleared funds.

15.2 No switching of Units may be made which would result in the relevant Holder holding in respect of either the original Fund or the New Fund (as the case may be), fewer units than the relevant minimum holding of such funds. If the number of units of the New Fund so produced shall include any fraction of more than two decimal places, such fraction shall be ignored and any moneys arising from such fraction shall be forfeited and retained as part of the New Fund.

15.3 Units purchased with cash, SRS monies or CPF monies may only be switched to units of the New Fund purchased with cash, SRS monies or CPF monies respectively.

15.4 Further, Holders may only switch their Units in any Class to units of the same class of the new Fund, i.e., Class A Units of the Sub-Fund may be switched to Class A Units of the New Fund, but Class A Units may not be switched to Class I Units of the Sub-Fund or to Class I Units of the New Fund, or vice versa, unless otherwise permitted by us at our absolute discretion.

15.5 Switching shall only be permitted between the same currency of Units of the original Fund and units of the New Fund, unless otherwise permitted by us at our absolute discretion.

15.6 An application to switch may be made by a Holder by giving to us such application form as we may from time to time require. Such switching request shall not be revocable without our consent.

15.7 No Units shall be switched during any period when the right of Holders to require the realisation of Units is suspended according to paragraph 17 of this Prospectus or on any Dealing Day on which the number of Units that can be realised is limited according to paragraph 14.1 of this Prospectus.

16. Obtaining Prices of Units

The Sub-Fund will be valued on each Dealing Day. The indicative prices of Units are quoted on a forward pricing basis and will likely be available two Business Days in Singapore after each relevant Dealing Day (subject to the publication policies of the relevant publisher). The prices will be published on our website at www.lionglobalinvestors.com. The prices may also be published in The Straits Times, The Business Times and selected major wire services or such other sources as we may decide upon.

You should note that, other than in respect of our publications, we do not accept any responsibility for any errors on the part of the relevant publisher in the prices published in the newspapers and wire services mentioned above, or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by you in reliance upon such publications.

17. Suspension of Dealing

17.1 Subject to the provisions of the Code, either we or the Trustee may with the approval of the other, suspend the issue, realisation and valuation of Units during:

- (i) any period when the Recognised Exchange⁴ on which any Authorised Investments (as defined in paragraph 22.6) forming part of the Deposited Property (whether of any particular Sub-Fund or of the Fund) for the time being are listed or dealt in is closed or during which dealings are restricted or suspended;
- (ii) any period when dealings in any Underlying Entity in which a significant portion of the relevant sub-fund is invested is suspended or restricted;
- (iii) the existence of any state of affairs which, in our and the Trustee's opinion might seriously prejudice the interests of the Holders (whether of any particular sub-fund or of the Fund) as a whole or of the Deposited Property (whether of any particular sub-fund or of the Fund);
- (iv) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on that Recognised Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
- (v) any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in our and the Trustee's opinion, be carried out at normal rates of exchange;
- (vi) any 48-hour period (or such longer period as we and the Trustee may agree) prior to the date of any meeting of Holders (or any adjourned meeting thereof);
- (vii) any period where dealing of Units is suspended according to any order or direction of the MAS;
- (viii) any period when our business operations or the business operations of the Trustee in relation to the operation of the Fund or a sub-fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
- (ix) any other period as may be required under the Code.

17.2 Subject to the provisions of the Code, such suspension shall take effect forthwith upon the declaration in writing thereof to the Trustee and the MAS by us (or, as the case may be, to us and the MAS by the Trustee) and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under this paragraph 17 shall exist upon the declaration in writing thereof by us or the Trustee (as the case may be). We or the Trustee may also, with the approval of the other suspend the realisation of Units and the calculation of the value of Units solely for the purpose and only during any such period of consultation or adjustment arising from Clause 14(F) (iii) of the Deed.

⁴ "Recognised Exchange" means any exchange or over-the-counter market or other market of sufficient repute in any part of the world as may be determined by us with the approval of the Trustee and includes, in relation to any particular Authorised Investment, any responsible firm, corporation or association in any part of the world which deals in the Authorised Investment as to be expected generally to provide in our opinion a satisfactory market for such Authorised Investment.

As such, the past performance since inception of Class I is calculated based on the date of 6 April 2016.

⁷ The expense ratio is calculated in accordance with the requirements in the Investment Management Association of Singapore's guidelines on the disclosure of expense ratios (the "IMAS Guidelines") and based on figures in the latest audited accounts of the Sub-Fund. We shall be entitled to and currently do receive or enter into soft-dollar commissions/arrangements in respect of the Fund. We will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions/arrangements which we may receive or enter into include specific advice as to the advisability of dealing in or as to the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for our clients.

Soft-dollar commissions received shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

We will not accept or enter into soft-dollar commissions/arrangements unless such soft-dollar commissions/arrangements would reasonably assist us in our management of the Fund, provided that we shall ensure at all times that best execution is carried out for the transactions, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements.

20. Conflicts of Interest

We and the Trustee are not in any position of conflict in relation to the Fund. We and the Trustee shall conduct all transactions with or for the Fund at arm's length. We are of the view that we are not in a position of conflict in managing the Sub-Fund and our other funds as each of the funds has its own investment universe, investment objectives and investment restrictions, separate and distinct from each of the other funds. We are obligated by the provisions of each respective deed of trust to observe strictly such separate and distinct investment mandate for each of the funds. If the various funds place orders for the same securities as the Fund, we shall try as far as possible to allocate such securities among the funds in a fair manner based on a proportionate basis.

Our affiliates and the Trustee's affiliates are or may be involved in other financial, investment and professional activities which may sometimes give rise to possible conflict of interest within the management of the Fund. We and the Trustee will each ensure that the performance of our respective duties will not be impaired by any such involvement. If a conflict of interest does arise, we and/or the Trustee shall try to ensure that it is resolved fairly and in the interest of the Holders.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Fund or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee and make profits from these activities. Our associates may also be engaged to provide financial, banking or brokerage services to the Sub-Fund and make profits from these activities. Such services, where provided, and such activities, where entered into, by our associates or the associates of the Trustee, will be on an arm's length basis.

21. Reports

Financial year-end and distribution of reports and accounts

The financial year-end for the Fund is 30 June. We will prepare and send the annual report, annual accounts, and the Auditors' report on the annual accounts to the Holders (whether by post or such electronic means as may be permitted under the Code) within 3 months of the financial year-end (or such other period as may be permitted by the MAS). We will prepare and send the semi-annual accounts and semi-annual report to the Holders (whether by post or such electronic means as may be permitted under the Code) within 2 months of the financial half-year end, i.e. 31 December (or such other period as may be permitted by the MAS). In cases where the accounts and reports

are available in electronic form, Holders will receive a hardcopy letter or an email (where email addresses have been provided for correspondence purposes) informing them that the accounts and reports are available and how they may be accessed. Holders may also request for hardcopies of the accounts and reports within 1 month (or such other period as may be permitted by the MAS) from the notification of the availability of the accounts and reports. The Trustee will also make available, or cause to be made available, hardcopies of the accounts and reports to any Holder who requests for them within 2 weeks of any request from such Holder (or such other period as may be permitted by the MAS). Holders may also at any time opt for hardcopies for all future reports and accounts at no cost to them.

22. Other Material Information

22.1 Information on investments

At the end of each quarter, Holders will receive a statement showing the value of their investment, including any transactions during the quarter. However, if there is any transaction within a particular month, Holders will receive an additional statement for that month.

22.2 Distribution of income and capital

22.2.1 Distribution of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the net asset value of the Sub-Fund.

22.2.2 Unless specifically instructed in writing by the Holders, in the event that the net amount of distributions is less than S\$50, Holders shall be deemed to have given an Automatic Distribution Reinvestment Mandate (as defined in the Deed) for the automatic reinvestment of such distributions to be received by them in the purchase of further Units (including fractions of Units, if any) of the relevant Sub-Fund or Class, subject to our discretion to pay out such distributions in cash or in any particular case.

22.2.3 Where a distribution payment has been made to a Holder via cheque and such cheque has expired (i.e. the cheque is not presented within six months of its date of issue), unless specifically instructed in writing by that Holder, the distribution payment made shall be automatically reinvested into new Units (including fractions of Units, if any) of the relevant Sub-Fund or Class. The new Units will be purchased based on the net asset value of the Sub-Fund or Class on the third Business Day after the expiry date of the cheque. In addition, any subsequent distributions payable to such Holder shall be automatically reinvested into new Units (including fractions of Units, if any) of the relevant Sub-Fund or Class on the relevant payment date of the distribution.

22.2.4 Paragraphs 22.2.2 and 22.2.3 will not apply to distributions payable into a Holder's CPF Account or distributions payable in respect of Units subscribed using cash through any of our agents or distributors or using SRS monies.

22.2.5 Please refer to the Deed for further details.

22.3 Exemptions from liability

22.3.1 We and the Trustee shall incur no liability in respect of any action taken or thing suffered by us/it in reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganisation or other paper or document believed to be genuine and to have been passed, sealed or signed by the proper parties.

22.3.2 We and the Trustee shall incur no liability to the Holders or any other person for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either we and/or the Trustee shall be directed or requested to do or perform or to

forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither we nor the Trustee shall be under any liability therefor or thereby.

- 22.3.3** Neither we nor the Trustee shall be responsible for any authenticity of any signature or of any seal affixed to any transfer or form of application, endorsement or other document (whether sent by mail, facsimile, electronic means or otherwise) affecting the title to or transmission of Units or be in any way liable for any forged or unauthorised signature on or any seal affixed to such endorsement, transfer or other document or for acting upon or giving effect to any such forged or unauthorised signature or seal. We and the Trustee shall nevertheless be entitled but not bound to require that the signature of any such person to any document required to be signed by him under or in connection with the Deed shall be verified to our and/or the Trustee's reasonable satisfaction.
- 22.3.4** Any indemnity expressly given to the Trustee or us in the Deed is in addition to and without prejudice to any indemnity allowed by law; Provided Nevertheless That any provision of the Deed shall be void insofar as it would have the effect of exempting it/us from or indemnifying it/us against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to it/us in respect of any negligence, default, breach of duty or trust of which it/we may be guilty in relation to its/our duties where it/we fail to show the degrees of diligence and care required of it/us having regard to the provisions of the Deed.
- 22.3.5** Nothing contained in the Deed shall be construed so as to prevent us and the Trustee in conjunction or us or the Trustee separately from acting as managers or trustees of trusts separate and distinct from the Fund.
- 22.3.6** Neither we nor the Trustee shall be responsible for acting upon any resolution purporting to have been passed at any meeting of the Holders in respect whereof minutes shall have been made and signed by the Chairman even though it may be subsequently found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any reason the resolution was not binding upon all the Holders.
- 22.3.7** Notwithstanding anything contained in the Deed:
- (i) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any depository or clearing system with which Authorised Investments may be deposited or any broker, financial institution or other person with whom Authorised Investments are deposited in order to satisfy any margin requirement;
 - (ii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any nominee, custodian, joint custodian or sub-custodian appointed by the Trustee except where the Trustee has failed to exercise reasonable skill and care in the selection, appointment and monitoring of such appointee (having regard to the market in which the relevant appointee is located) or the Trustee is in wilful default; and
 - (iii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any sub-custodian not appointed by it.
- 22.3.8** The Trustee may act upon any advice of or information obtained from us or any bankers, accountants, brokers, lawyers, agents or other persons acting as agents or advisers of the Trustee or us and the Trustee shall not be liable for anything done or omitted or suffered in reliance upon such advice or information provided that the Trustee has acted in good faith and with due care in the appointment thereof. The Trustee shall not be responsible for any misconduct, mistake, oversight, error of judgement, forgetfulness or want of prudence on our part or the part of any such banker, accountant, broker, lawyer, agent or other person mentioned above provided that the Trustee has acted in good faith and with due care in the appointment thereof. Any such advice or information may be obtained or

sent by electronic mail, letter or facsimile and the Trustee shall not be liable for acting on any advice or information purported to be conveyed by any such electronic mail, letter or facsimile although the same contains some error or shall not be authentic.

22.3.9 The Trustee shall not incur any liability for any loss which a Holder may suffer by the reason of any depletion in the value of the Deposited Property which may result from any securities lending transaction effected according to Clause 16(K) of the Deed and shall be indemnified out of and have recourse to the Deposited Property of the relevant Sub-Fund in respect thereof.

22.3.10 We shall be entitled to exercise all rights of voting conferred by any of the Deposited Property in what we may consider to be the best interests of the Holders, but neither we nor the Trustee shall be under any liability or responsibility in respect of the management of the Authorised Investment in question nor in respect of any vote, action or consent given or taken or not given or not taken by us whether in person or by proxy, and neither we nor the Trustee nor the holder of any such proxy or power of attorney shall incur any liability or responsibility by reason of any error of law or mistake of fact or any matter or thing done or omitted or approval voted or given or withheld by us or the Trustee or by the holder of such proxy or power of attorney under the Deed; and the Trustee shall be under no obligation or liability to anyone with respect to any action taken or caused to be taken or omitted by us or by any such proxy or attorney.

22.3.11 The Trustee shall not be under any liability on account of anything done or suffered to be done by the Trustee in good faith in accordance with or in pursuance of any of our request or advice.

However, we currently do not intend to carry out securities lending or repurchase transactions in relation to the Sub-Fund but may do so in future.

In addition to complying with Appendix 1 of the Code and the CPFIS Investment Guidelines, we will not invest in any product or engage in any transaction which may cause the Units of the LionGlobal Singapore Fixed Income Investment not to be regarded as Excluded Investment Products under the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products or prescribed capital markets products under the Securities and Futures (Capital Markets Products) Regulations 2018.

22.6 Authorised Investments

Subject to the provisions of the Code and the CPF Investment Guidelines, the authorised investments (“**Authorised Investments**”) of the Fund include the following:-

- (i) any quoted Investment;
- (ii) any Investment in respect of which application for listing or for permission to deal has been made to a Recognised Exchange and the subscription for or purchase of which is either conditional upon such listing or permission to deal being granted within a specified period not exceeding twelve weeks (or such other period as may be agreed between us and the Trustee) or in respect of which we are satisfied that the subscriptions or other transactions will be cancelled if the application is refused;

- (viii) any other Investment not covered by sub-paragraphs (i) to (vii) of this definition, and (for so long as the Sub-Fund is included under CPFIS) not prohibited by the CPFIS regulations, but selected by us for investment of the Deposited Property of the Sub-Fund and approved by the Trustee.

Provided That such investment shall be a Permissible Investment under the Code and is for the time being not prohibited under applicable laws and regulations, and to the extent allowed under the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the LionGlobal Singapore Fixed Income Investment as Excluded Investment Products and prescribed capital markets products.

22.7 Valuation

The net asset value of the Sub-Fund or Class shall be calculated by valuing the assets of the Sub-Fund or Class in accordance with Clause 10(D) of the Deed (as reproduced below) and deducting from such amount the liabilities of the Sub-Fund or Class in accordance with Clause 10(F) of the Deed. The resultant sum shall be divided by the number of Units of the Sub-Fund or Class in issue or deemed to be in issue immediately prior to the relevant Dealing Day, and the resultant amount (rounded down to the nearest S\$0.001 or such other number of decimal places or any other method or rounding as we may determine with the approval of the Trustee) shall be the net asset value of a Unit of the Sub-Fund or Class on such Dealing Day.

Except where otherwise expressly stated and subject always to the requirements of the Code, the value of the assets comprised in the Sub-Fund with reference to any Authorised Investment which is:-

- (i) a deposit placed with a bank or other financial institution or a bank bill, shall be determined by reference to the face value of such Authorised Investment and the accrued interest thereon for the relevant period;
- (ii) an investment which is a unit or share in a unit trust or mutual fund or collective investment scheme shall be valued at the latest published or available net asset value per unit or share, or if no net asset value per unit or share is published or available, then at their latest available realisation price;
- (iii) a quoted investment, shall be calculated, as the case may be, by reference to the official closing price, the last known transacted price or the last transacted price on the relevant Recognised Exchange on which the quoted investment is traded at the time of calculation (or at such other time as we may from time to time in consultation with the Trustee determine);
- (iv) an unquoted investment (other than any deposit or bank bill or unit or share in an open-ended collective investment scheme referred to in sub-paragraphs (i) and (ii) above) shall be calculated by reference to (a) the last available price, quoted by reputable institutions in the over-the-counter or telephone market at time of calculation; (b) initial value thereof being the amount expended in the acquisition thereof (including in each case the amount of the stamp duties, commissions and other expenses in the acquisition thereof and the vesting thereof in the Trustee); or (c) the price of the relevant investment as quoted by a person, firm or institution making a market in that investment, if any (and if there shall be more than one such market maker then such market maker as we may designate); and
- (v) an investment other than as described above, shall be valued by a person approved by the Trustee as qualified to value such an investment in such manner and at such time as we after consultation with the Trustee shall from time to time determine.

PROVIDED THAT, if the quotations referred to in (i), (ii), (iii), (iv) and (v) above are not available, or if the value of the Authorised Investment determined in the manner described in (i), (ii), (iii), (iv) or (v) above, in our opinion, is not representative, then the value shall be such value as we may with due care and in good faith consider in the circumstances to be fair value and is approved by the Trustee and we shall notify the Holders of such change if required by the Trustee. For the purposes of this proviso, we shall determine the "fair value" in consultation with an Approved Stockbroker (as defined in the Deed) or an Approved Valuer (as defined in the Deed) and with the approval of the Trustee, in accordance with the Code.

In exercising in good faith the discretion given by the proviso above, we shall not, subject to the provisions of the Code, assume any liability towards the Fund, and the Trustee shall not be under any liability, in accepting our opinion, notwithstanding that the facts may subsequently be shown to have been different from those assumed by us.

Where the Sub-Fund is made up of more than one Class, the net asset value of each Class shall be calculated by apportioning the net asset value of the Sub-Fund (obtained in accordance with this provision) provided that no deduction or addition shall be made in respect of expenses, charges or other amounts which are not common to all the Classes of the Sub-Fund proportionately between the Classes and then deducting from or adding to the value of the portion of the net asset value for each Class any expense, charge or other amount attributable solely to such Class (including, but not limited to, the management fee). For the avoidance of doubt, where any expense, charge or other amount payable out of or payable into the net asset value of a Class pursuant to the Deed is attributable only to a particular Class of the Sub-Fund, such amount shall only be deducted from or added to the portion of the net asset value of the Sub-Fund which is attributable to that Class and shall not affect the calculation or the net asset value of the portion or portions of the Sub-Fund attributable to other Classes within the Sub-Fund.

 - (a) at any time if the aggregate net asset value of the Deposited Property of that sub-fund or that Class of a sub-fund shall be less than S\$5,000,000 (or such other larger sum which in the Trustee's opinion would render it uneconomical for that sub-fund to continue and would not be prejudicial to the interests of the Holders of that sub-fund) after the date of its launch and provided further that one month's written notice is given to the Holders of that sub-fund; or
 - (b) if any law shall be passed, any authorisation revoked or the MAS issues any direction which renders it illegal or in our opinion impracticable or inadvisable to continue the sub-fund or the Class.

22.9 Use of Credit Rating Agencies

Please note that as we may rely on ratings issued by credit rating agencies on any of our investments:

- (i) we have established a set of internal credit assessment standards and have in place a credit assessment process to ensure that our investments are in line with these standards; and
- (ii) information on our credit assessment process will be made available to you upon request.

22.10 Realisation of Units by Us

22.10.1 We (in consultation with the Trustee) shall have the right, by giving prior written notice to any Holder, to realise compulsorily Units held by:

- (i) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or who is unable or unwilling to provide information and/or documentary evidence requested by us and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks;
- (ii) any Holder who fails to provide any of the requested Personal Information and Account Information for compliance with FATCA (as defined in Schedule 2 of the Deed), the Common Reporting Standard issued by the Organisation for Economic Co-operation and Development or any similar legislation, regulation or guidance enacted in any other jurisdiction applicable to the Fund or the relevant Sub-Fund which seeks to implement equivalent tax reporting and/or withholding tax regimes and/or automatic exchange of information;
- (iii) any Holder whose holdings of Units, in our opinion:
 - (a) may cause the Fund or the relevant Sub-Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or

- (b) may cause the offer of the Units of the Fund or the relevant Sub-Fund, the prospectus of the Fund or the relevant Sub-Fund, the Deed, we and/or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
 - (c) may cause a detrimental effect on the tax status of the Fund or the relevant Sub-Fund in any jurisdiction or on the tax status of the Holders of the Fund or the relevant Sub-Fund; or
 - (d) may result in the Fund or the relevant Sub-Fund or other Holders of the Fund or the relevant Sub-Fund suffering any other legal or pecuniary or administrative disadvantage which the Fund or the relevant Sub-Fund or other Holders might not otherwise have incurred or suffered; or
- (iv) any Holder:
- (a) who, in our opinion, is or may be in breach of any applicable law or regulation in any jurisdiction; or
 - (b) where such realisation is, in our opinion, necessary or desirable for our compliance or the Fund's or the relevant Sub-Fund's compliance with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions) and inter-governmental agreements between Singapore and any foreign government.

22.10.2 Any compulsory realisation under this paragraph shall be carried out by us on any Dealing Day, with prior written notice to the Holder, and shall be carried out in accordance with, and at the realisation price under, the applicable provisions on realisation in the Deed. For avoidance of doubt, a realisation under this paragraph (be it a compulsory realisation by us or a realisation by the Holder in response to our written notice relating to a compulsory realisation) may also be subject to applicable fees and/or charges (including early Realisation Charge) as set out in this Prospectus and/or the Deed, and all such fees and/or charges (including early Realisation Charge) related to a realisation under this paragraph shall be borne by the Holder.

22.10.3 We, the Trustee and their respective delegates, associates, employees or agents, shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by the Holder or any party arising out of or in connection with (whether in whole or in part) any actions which are taken by us, the Trustee and/or any of our/their respective delegates, associates, employees or agents under this paragraph.

22.11 Liquidity Risk Management

We have established liquidity risk management policies which enable us to identify, monitor, and manage the liquidity risks of the Sub-Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interest of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

Our liquidity risk management policies take into account the Sub-Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) the Sub-Fund may, subject to the provisions of the Deed, borrow up to 10 per cent. of its latest available Net Asset Value (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and the borrowing period should not exceed one month, provided always and subject to the borrowing restrictions in the Code;
- (b) we may, pursuant to the Deed, suspend the realisation of Units of the Sub-Fund, with the approval of the Trustee;

- (c) we may, with the approval of the Trustee, and pursuant to the Deed, limit the total number of Units in relation to the Sub-Fund or Class which Holders may realise to 10% of the total number of Units relating to the Sub-Fund or Class then in issue, whereby such limitation is to be applied pro-rated to all Holders in relation to the Sub-Fund or Class who have validly requested realisations on the relevant Dealing Day; and
- (d) we may, with a view to protecting the interests of all Holders, and pursuant to the Deed, elect that the Realisation Price (as defined in paragraph 14.3 of this Prospectus) in relation to all (but not some only) of the Units falling to be realised by reference to a relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Authorised Investments at that time constituting part of the Deposited Property, and by giving notice to the Holders within two (2) Business Days after the relevant day, we may with the approval of the Trustee suspend the realisation of those Units for such reasonable period as may be necessary to effect an orderly realisation of the Authorised Investments,

and in such circumstances (except paragraph 22.11(a)), the realisation of your Units may be delayed or the amount of the realisation proceeds that Holders will receive for their Units (upon application of Swing Pricing as described in paragraph 22.12 of this Prospectus) will be affected.

We may perform regular stress testing on the Sub-Fund.

Factors considered in stress tests (either independently or concurrently) include:-

- (i) a sudden increase in realisations;
- (ii) worsening of market liquidity for the underlying assets of the Sub-Fund; and
- (iii) realisation by the largest Holder / distributor of the Sub-Fund.

Our stress testing scenarios consider historical situations and forward-looking hypothetical scenarios, where appropriate.

The reasonableness and relevance of our stress test assumptions are regularly reviewed to ensure that stress tests are based on reliable and up-to-date information.

22.12 Swing Pricing

The Sub-Fund is single priced and the Net Asset Value of the Sub-Fund may fall as a result of, amongst others, the transaction costs (such as broker commissions, custody transaction costs, stamp duties or sales taxes) incurred in the purchase and/or sale of its Authorised Investments caused by subscriptions, realisations or switching of Units in the Sub-Fund and the spread between the buying and selling prices of such Authorised Investments. This effect is known as “dilution”.

To protect the interest of Holders, the Managers shall, in consultation with the Trustee, have the discretion to apply a technique known as “dilution adjustment” or “swing pricing” (“**Swing Pricing**”) in certain circumstances which the Managers deem appropriate. Swing Pricing involves making upward or downward adjustments in the calculation of the Net Asset Value per Unit of the Sub-Fund or Class on a particular Dealing Day so that such transaction costs and dealing spreads in respect of the Authorised Investments are, as far as practicable, passed on to the investors who are subscribing, realising and/or switching Units on that Dealing Day.

Generally, the Net Asset Value is adjusted if the net subscription or realisation (including switching) on a particular Dealing Day reaches or exceeds a certain percentage (the “**Swing Threshold**”) of the size of the Sub-Fund on such relevant Dealing Day. The Net Asset Value will swing upwards for a net subscription and downwards for a net realisation. In relation to the application of Swing Pricing to Classes of Units in the Sub-Fund, the Net Asset Value of each Class will be calculated separately but any adjustment will, in percentage terms, affect the Net Asset Value of each Class in an equal manner.

The need to apply Swing Pricing will depend upon various factors, including but not limited to (i) the amount of subscriptions and/or realisations (including switching) of Units on that Dealing Day, (ii) the impact of any transaction costs incurred in the purchase and/or sale of Authorised

Investments of the Sub-Fund (iii) the spread between the buying and selling prices of Authorised investments of the Sub-Fund and (iv) market conditions such as situations of financial turmoil provided that, any adjustments made by the Managers shall be on a fair and equitable basis and with a view to protecting the interests of Holders.

Please note that applying Swing Pricing when the Swing Threshold is reached or exceeded only reduces the effect of dilution and does not eliminate it entirely. Where the net subscription or realisation is below the Swing Threshold, no Swing Pricing will be applied and dilution will not be reduced.

The Swing Pricing policy for the Sub-Fund will be subject to regular review and may change from time to time. Accordingly, you should note that our decision to apply Swing Pricing and the level of adjustment made to the Net Asset Value per Unit of the Sub-Fund in particular circumstances may not result in the same decision in similar circumstances arising in the future.

Holders and potential investors into the Sub-Fund should also take note of the following:

- (i) the Sub-Fund's performance will be calculated based on the Net Asset Value of the Sub-Fund after the Swing Pricing adjustment has been applied and therefore the returns of the Sub-Fund may be influenced by the level of subscription and/or realisation activity;
- (ii) Swing Pricing could increase the variability of the returns of the Sub-Fund since the returns are calculated based on the adjusted Net Asset Value per Unit; and
- (iii) the fees and charges applicable to the Sub-Fund (including fees based on the Net Asset Value of the Sub-Fund) will be based on the Net Asset Value before the Swing Pricing adjustment is applied.

In the usual course of business, to minimise the impact to the variability of the return of the Sub-Fund, the application of Swing Pricing will be triggered mechanically and on a consistent basis and applied only when the net transaction reaches or exceeds the Swing Threshold.

The Swing Threshold will be set with the objective of protecting the Holders' interest while minimising impact to the variability of the Sub-Fund's return by ensuring that the Net Asset Value per Unit is not adjusted where the dilution impact on the Sub-Fund is, in the opinion of the Managers, not significant, and may be varied by the Managers in their discretion.

The amount of adjustment at any time may vary depending on, amongst other factors, market conditions, but will under normal circumstances not exceed 2% of the Net Asset Value per Unit of the Sub-Fund or Class on the relevant Dealing Day (the "**Maximum Adjustment**"). The Managers reserve the right to apply an adjustment of an amount not exceeding the Maximum Adjustment on the relevant Dealing Day where it deems appropriate and has the discretion to vary the amount of adjustment up to the Maximum Adjustment, in consultation with the Trustee, from time to time without giving notice to the Holders.

Subject to the Deed and applicable laws and regulations, the Managers may, in exceptional circumstances (including but not limited to volatile market conditions, market turmoil and illiquidity in the market, extraordinary market circumstances or significant unexpected changes in general market conditions) and in consultation with the Trustee, temporarily apply an adjustment beyond the Maximum Adjustment on the relevant Dealing Day if, in its opinion, it is in the best interest of investors to do so. In such cases, if so required by the Authority and/or the Trustee, the Managers shall give notice to the investors as soon as practicable in such manner as the Managers and Trustee may agree.

22.13 Liquidation of the Managers, the Trustee or the Custodian

Subject to the provisions of the Deed, if the Managers or the Trustee go into liquidation (except for a voluntary liquidation for the purpose of reconstruction or amalgamation), a new manager or a new trustee (as the case may be) may be appointed or the Sub-Fund may be terminated. Please refer to Clauses 30 and 31 of the Deed for further details.

In the event the Custodian becomes insolvent, the Trustee may by notice in writing, terminate the custodian agreement entered into with the Custodian and, in accordance with the Deed, appoint such person as the new custodian to provide custodial services to the Fund globally.
