KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in a sub-fund of Natixis International Funds (Lux) I, an open-ended investment company organised as a société anonyme under the laws of Luxembourg and which qualifies as a société d'investissement à capital variable and a UCITS.
- The investment objective of the Fund is total investment return through a combination of income and capital appreciation which includes an investment process that systematically includes ESG considerations.
- The Management Company currently intends to make periodic distributions on the Class R/DIVM (USD), Class H-R/DIVM (SGD), Class R/DIVM (SGD), Class I/DIVM (USD), Class EI/DIVM (USD), Class H-EI/DIVM (EUR) and Class H-EI/DIVM (SGD) shares. Where the dividend rate is in excess of the income of the relevant Class DIVM share(s), dividends may be paid out of the capital attributed to the corresponding Share Class which may result in erosion of the capital invested. The Management Company currently does not intend to make distributions on the other Classes.

Refer to INVESTMENT OBJECTIVE, FOCUS AND APPROACH paragraph in the Prospectus for further information on features of the product.

Investment Strategy	
<ul style="list-style-type: none"> The Fund invests at least two-thirds of its total assets in U.S. dollar-denominated debt securities issued or guaranteed by issuers having their registered offices in emerging market countries in Asia or exercising a preponderant part of their activities in this area as well as such debt issued by sovereign governments and government agencies. The Fund may invest up to 5% of its total assets in contingent convertible bonds. The Fund may invest in green, social, sustainable and sustainability linked bonds. The Fund may invest up to one-third of its total assets in cash, money market instruments, or securities of issuers in other emerging markets countries. The Fund may invest up to 20% of its total assets in securities denominated in currencies other than US dollar. In particular, the Fund may invest up to 10% of its total assets in fixed income securities listed on the China Interbank Bond Market through the Bond Connect. The Fund may invest no more than 10% of its total assets in equities, or other equity-type securities, including, but not limited to, certain eligible A-Shares via the Stock Connects. The Fund may invest up to 10% of its total assets in undertakings for collective investment. The Fund is actively-managed and uses a bottom-up approach to select securities for investment emphasizing fundamental research of individual debt issuers. The Fund's Investment Manager may also employ its top-down macroeconomic view to reflect their market outlook. The Fund may use futures, options, swaps and forward contracts in order to expose its assets to, or hedge its assets against, risks linked to interest rates, exchange rates or credit. In order to achieve its investment objective, the Fund may engage in the credit derivatives market by entering into, among other things, credit default swaps. 	<p>Refer to INVESTMENT OBJECTIVE, FOCUS AND APPROACH paragraph in the Prospectus for further information on features of the product.</p>
