^{*} Performance figures are calculated with all dividends and distributions reinvested, taking into account all charges which would have been payable upon such reinvestment, and are annualised for periods over one year. The Offer to Bid performance includes the effect of an assumed current maximum front end load, which the investor might or might not pay. NAV to NAV figures reflect the Fund's investment performance.

[^] Figures may not sum to 100 due to rounding.

^{^^} Credit Rating: Where the security is not rated by external rating agencies (i.e. Fitch, Moody's, and S&P), Manulife Investment Management's internal rating methodology will apply.
