# BlackRock

March 2024

**BlackRock Strategic Funds** 

**CUMULATIVE & ANNUALISED PERFORMANCE** 

**CALENDAR YEAR PERFORMANCE** 

Unless otherwise stated, Performance, Portfolio Breakdowns and Net Asset information as at: 31-Mar-2024.

### **INVESTMENT OBJECTIVE**

The Fund seeks to achieve a positive absolute return for investors regardless of market movements through a combination of capital growth and income on your investment regardless of market conditions in a manner consistent with the principles of environmental, social and governance ('ESG') investing. The Fund will seek to achieve this investment objective by taking long, synthetic long and synthetic short investment exposures. The Fund will seek to gain at least 70% of its investment exposure through equities and equity-related securities (including derivatives) of, or giving exposure to, companies incorporated or listed in the Asia Pacific region, including Australia and Japan. The Fund will seek to achieve this investment objective by investing at least 70% of its total assets in equities and equity-related securities and, when determined appropriate, cash and near-cash instruments. The Fund will be highly diversified across the universe of equities in the Asia Pacific region, including Australia and Japan, whilst seeking to minimise net exposure to underlying equity markets within the region.

#### **IMPORTANT INFORMATION:**

Unless otherwise specified, all information as of 15-Apr-2024.

This advertisement or publication has not been reviewed by the Monetary Authority of Singapore. For distributing share classes, dividends are not guaranteed and may be paid out of capital. Dividend data may not be available on the issue date of this factsheet. Details on distribution may be available on request. Payments on dividends result in a reduction of the NAV per share of the Fund on the ex-dividend date. Actual dividend payout will be subject to the manager's discretion. Fund performance is shown on a NAV to NAV basis on the assumption that all distributions are reinvested, taking into account all charges which would have been payable upon such reinvestment. The Fund may use or invest in financial derivatives. In Singapore, this material is issued by BlackRock (Singapore) Limited (company registration number: 200010143N). This material is for informational purposes only and does not constitute an offer or solicitation to purchase or sell units in the Fund. Sources: BlackRock and Morningstar. Investment involves risk. Past performance is not necessarily a guide to future performance or returns. The value of investments and the income from them can fluctuate and is not guaranteed. Rates of exchange may cause the value of investments to go up or down. Investors may not get back the amount they invest. Individual stock price/figure does not represent the return of the Fund. BlackRock Strategic Funds (BSF) is an open-ended investment company established in Luxembourg which is available for sale in certain jurisdictions only. BSF is not available for sale in the U.S. or to U.S. persons. Product information concerning BSF should not be published in the U.S. BSF has appointed BlackRock (Singapore) Limited as its Singapore representative and agent for service of process.

Subscriptions in BSF are valid only if made on the basis of the current Prospectus and the Product Highlights Sheet available on our website www.blackrock.com/sg and you must read these documents before you invest. Investors may wish to seek advice from a financial adviser before purchasing units of the Fund. In the event that you choose not to seek advice from a financial adviser, you should consider carefully whether the Fund in question is suitable for you. Any past payout yields and payments are not indicative of future payout yields and payments. Distributions (if any) is not guaranteed and might be changed at the discretion of the Directors or Manager. Distribution may be declared out of income and/or capital of the Fund, in accordance with the prospectus. Such distributions may result in an immediate reduction of the net asset value per unit in the Fund. Some funds may generate a material portion of their payout income from financial derivatives. This may expose the funds to a higher degree of risk. These risks are described in the funds' prospectuses.
