KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in an open-ended collective investment constituted in Luxembourg as a UCITS that aims to provide you with capital appreciation by investing in equity securities of China, Hong Kong or Taiwan.
- Under normal circumstances, you will receive regular distributions out of income depending on the distribution share classes you are investing in. Any distributions out of the capital of the Fund will reduce the NAV of the Fund.

Refer to “Investment Objective, Focus and Approach of the Funds” section of the Singapore Prospectus, and the “Dividend Policy” section of the Luxembourg Prospectus.

Investment Strategy

- The Fund invests primarily in equity securities of companies registered under the laws of or deriving the principal portion of their revenue from goods or services sold or produced in, or having the principal portion of their assets in, China, Hong Kong or Taiwan.
- It may also invest, amongst others, in equity securities of companies (i) for which the principal market for trading is China, Hong Kong or Taiwan, or (ii) that are linked to assets or currencies in these countries.
- The Investment Manager also considers Environmental, Social and Governance (ESG) factors as an integral component of its fundamental investment research and decision process. The Environmental and/or Social

KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT? The value of the product and its dividends or coupons may rise or fall. These risk factors may cause you to lose some or all of your investment.</p>	<p>Refer to the “Risk Factors” section of the Singapore Prospectus and “Risk Considerations” section of the Luxembourg Prospectus.</p>
Market and Credit Risks	
<ul style="list-style-type: none"> • Your investments are exposed to equity markets risk - Your investments may be subject to significant price movements due to the impact of economic, political, market, and issuer-specific factors. • Your investments are exposed to currency risks - The Fund is exposed to the risk of loss arising from exchange-rate fluctuations or due to exchange control regulations. 	
Liquidity Risks	
<ul style="list-style-type: none"> • Your investments are exposed to liquidity risks of the underlying investments - Under exceptional market conditions the manager may be forced to sell assets of the fund at a discount in order to meet continued redemption requests. • The Fund is not listed, and you can realize your Shares only on Dealing Days - There is no secondary market for the Fund. All redemption requests should be submitted in the manner set out in the Prospectus. • Your realization request may be deferred or suspended - Redemptions of Shares may be deferred when more than 10% of the value of the Fund's Shares are redeemed or exchanged on any one Dealing Day. Your right to realize Shares may also be temporarily suspended under certain circumstances as described in the Prospectus. 	<p>Refer to the sections “Sale of Shares” and “Suspension of Valuation, Issue, Sale and Switching of Shares” of the Singapore Prospectus.</p>

Product-Specific Risks			
<ul style="list-style-type: none"> Your investments are in a single market - The Fund invests primarily in a single market, and as a result is subject to higher concentration risk and potentially greater volatility compared to funds following a more diversified policy. Your investments are exposed to emerging markets risks - The Fund may invest in emerging markets which involve a greater risk of loss and are more volatile than investing in more developed countries due to, inter alia, greater political, tax, economic, foreign exchange, liquidity, volatility and regulatory risks.
