This material is issued and has been prepared by the investment management company and its contents have not been reviewed by the Monetary Authority of Singapore. It contains opinions and statistical data that are considered lawful and correct on the day of their publication according to the economic and financial environment at the time. This document is produced for information purposes and does not constitute: 1) an offer to buy nor a solicitation to sell, nor shall it form the basis of or be relied upon in connection with any contract or commitment whatsoever or; 2) investment advice. This document does not have any regard to the specific investment objectives, financial situation or particular needs of any person. Investors should consult their own professional advisors in respect of legal, accounting, domicile and tax advice prior to investing in the fund in order to make an independent determination of the suitability and consequences of an investment therein, if permitted. Investors considering subscribing for the fund should read

carefully the most recent prospectus, offering document or other information material and consult the fund's most recent financial reports before investing, as available from the investment management company or its authorized distributors. Given the economic and market risks, there can be no assurance that the fund will achieve its investment objectives. Investments in the fund are not deposits or other obligations of, or guaranteed, or insured by the investment management company or its authorized distributors or their affiliates and are subject to investment risks, including the possible loss of principal amount invested. Returns may be affected by, amongst other things, investment strategies or objectives of the fund and material market and economic conditions, including interest rates, market terms and general market conditions. Past performance of the fund or the managers, and any economic and market trends or forecast, are not necessarily indicative of the future or likely performance of the fund or the manager. The value of shares in the fund, and the income accruing to the shares (if any), may fall as well as rise and investors may not get back the full amount invested. Funds which are invested in emerging markets, smaller companies and derivative instruments may also involve a higher degree of risk and are usually more sensitive to price movements. Views and opinions included in this document constitute the judgment of the investment management company and its affiliates at the time specified and may be subject to change without notice.
