Morgan Corporate Emerging Markets Bond Index Broad Diversified (Total Return Gross). Index weights are rebalanced monthly. 2)All data is calculated from the month end after inception. 3)This award is issued by Asia Asset Management in the year specified, reflecting performance as at end November 2022.

This advertisement or publication has not been reviewed by the Monetary Authority of Singapore. It does not constitute investment advice, or an offer to sell, or a solicitation of an offer to buy any security, investment product or service. Informational sources are considered reliable but you should conduct your own verification of information contained herein. Investments involve risks. Investments in funds are not deposits and are not considered as being comparable to deposits.

Past performance is not indicative of future performance and investors may not get back the full or any part of the amount invested. Dividend distributions if any are not guaranteed and are made at the manager's discretion. Fund's net asset value may likely have high volatility due to its investment policies or portfolio management techniques. Funds which are invested in emerging markets, smaller companies and financial derivative instruments may also involve higher risks and are usually more sensitive to price movements. Any applicable currency hedging process may not give a precise hedge and there is no guarantee that any hedging will be successful. Investors in a currency hedged fund or share class may have exposure to currencies other than the currency of their fund or share class. Investors should make their own investigation or evaluation or seek independent advice prior to making any investment. Please refer to the Singapore Offering Documents (including the risk factors set out therein) and the relevant Product Highlights Sheet for details at <https://am.jpmorgan.com/sg>.
