*Due to a change in pricing model, post 31.10.16 (effective date), performance calculations are on a single pricing basis, taking into account any initial and redemption fees. Prior to 31.10.16, performance calculations are on an offer-to-bid basis. The maximum initial charge (if any) is taken into account for performance calculations. Source: J.P. Morgan Asset Management/RIMES (NAV to NAV and charges applied in denominated currency with income reinvested, taking into account all charges which would have been payable upon such reinvestment). Any overweight in any investment holding exceeding the limit set out in the Investment Restrictions was due to market movements and will be rectified shortly. Asset classes that are not displayed in the individual breakdown are grouped under Others. 1)Prior to 1Jul2021, ICE 1 Month USD LIBOR. 2)All data is calculated from the month end after inception. 3)As at 17/06/22 JPMorgan Funds – Multi-Manager Sustainable Long Short Fund was merged into this Sub-Fund. 4)This award is issued by Asia Asset Management in the year specified, reflecting performance as at end November 2022. 5)VaR is a means of measuring the potential loss to a SubFund due to market risk and is expressed as the maximum potential loss at a 99% confidence level over a one month time horizon. The holding period for the purpose of calculating global exposure is one month.

This advertisement or publication has not been reviewed by the Monetary Authority of Singapore. It does not constitute investment advice, or an offer to sell, or a solicitation of an offer to buy any security, investment product or service. Informational sources are considered reliable but you should conduct your own verification of information contained herein. Investments involve risks. Investments in funds are not deposits and are not considered as being comparable to deposits.

Past performance is not indicative of future performance and investors may not get back the full or any part of the amount invested. Dividend distributions if any are not guaranteed and are made at the manager's discretion. Fund's net asset value may likely have high volatility due to its investment policies or portfolio management techniques. Funds which are invested in emerging markets, smaller companies and financial derivative instruments may also involve higher risks and are usually more sensitive to price movements. Any applicable currency hedging process may not give a precise hedge and there is no guarantee that any hedging will be successful. Investors in a currency hedged fund or share class may have exposure to currencies other than the currency of their fund or share class. Investors should make their own investigation or evaluation or seek independent advice prior to making any investment. Please refer to the Singapore Offering Documents (including the risk factors set out therein) and the relevant Product Highlights Sheet for details at <https://am.jpmorgan.com/sg>.

In case of any inconsistency in translations of this document, the English version will prevail.
