KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN?

- You are investing in an open-ended collective investment scheme constituted in Luxembourg as a UCITS that aims for capital appreciation.
- Under normal circumstances, you will receive regular distributions out of income depending on the distribution share classes you are investing in. Any distributions out of the capital of the Fund will reduce the NAV of the Fund.

Refer to “Investment Objective, Focus and Approach of the Funds” section of the Singapore Prospectus, and the “Dividend Policy” section of the Luxembourg Prospectus.

Investment Strategy

- The Fund invests principally in equity securities, which include common stocks, convertible securities (which will not exceed 10% of the Fund's net assets) and warrants on securities, of companies that are leaders in innovation, take advantage of new technologies, have superior management and benefit from new industry conditions in the dynamically changing global economy.
- The Fund can invest in companies located anywhere in the world (but may have a substantial part of its portfolio invested in companies located or traded in the US, and foreign securities traded in the US and American Depository Receipts), in any economic sector, of any market capitalization.
- In selecting equity investments, the Investment Manager utilises fundamental, bottom-up research to seek companies meeting its criteria of
