##### Further Information

Refer to the "Investment Objectives and Policies and Product Suitability – *Product Suitability*" section in Paragraph 5.7 of the Prospectus for further information on product suitability.

#### KEY PRODUCT FEATURES

##### WHAT ARE YOU INVESTING IN?

- You are investing in a sub-fund of the Franklin Templeton Global Funds Plc, an open-ended investment company with variable capital organised under the laws of Ireland as a public limited company pursuant to the Companies Acts and the UCITS Regulations, that aims to provide a high level of current income by investing at least 70% of its net asset value in high yielding debt securities of US Issuers that are denominated in US dollars that are listed or traded on Regulated Markets.
- If you invest in a distributing class, you may receive distributions at the frequency indicated in the name of the distributing class.
- Distributing Plus share classes may pay distributions out of capital, which amounts to a return or withdrawal of part of an investor's original investment.
- Distributions will reduce the net asset value per share of the share class.

Refer to the "The Company", "The Funds – *Share Classes*" and "Investment Objectives and Policies and Product Suitability" sections in Paragraphs 1, 2.4 and 5.1 of the Prospectus for further information on features of the product.

##### Investment Strategy

- The Fund will invest at all times at least 70% of its net asset value in the following types of high yielding debt securities and instruments of US Issuers (either directly or indirectly) that are denominated in US dollars that are listed or traded on Regulated Markets: corporate debt securities and instruments, structured notes that are transferable securities whose underlying exposure may be to fixed income securities and mortgage-backed and asset-backed securities that are structured as debt securities, provided that at least two-thirds of the Fund's net asset value is invested in non-convertible debt securities.

Refer to the "Investment Objectives and Policies and Product Suitability" section in Paragraph 5.1 of the Prospectus for further information on the investment strategy of the product.

| <ul style="list-style-type: none"> <li>• Higher yields are generally available from securities rated below Investment Grade or unrated securities of equivalent quality. The Fund may invest in debt securities rated as low as D by S&amp;P or the equivalent by another NRSRO.</li> <li>• In making investment decisions, the Investment Manager and Sub-Investment Manager do not rely solely on ratings but also evaluate other economic and business factors affecting the issuer.</li> <li>• The securities comprising the investment universe of the Fund are evaluated using a proprietary system and MSCI's ESG framework. The Fund seeks to invest in securities of issuers that in aggregate achieve a weighted average portfolio carbon intensity which is at least 20% lower than the Benchmark.</li> <li>• The Fund promotes environmental characteristics and is classified as an Article 8 fund pursuant to the Sustainable Finance Disclosure Regulation ((EU) 2019/2088). The investments underlying the Fund do not take into account the EU criteria for environmentally sustainable economic activities, however, in line with its ESG methodology, the Fund may hold investments that seek to contribute to climate change mitigation and climate change adaptation.</li> <li>• The Fund is actively managed, and the Investment Manager is not constrained by the Benchmark. The Investment Manager has discretion in selecting investments within the Fund's objective and investment policies. The Benchmark is used for performance comparison purposes and by the Investment Manager in measuring and managing investment risk.</li> <li>• <b>The Fund may also invest in certain types of derivatives for efficient portfolio management purposes and/or investment purposes.</b> The Fund may be leveraged up to 100% of its net asset value as a result of its use of derivatives. The Fund will not take direct short positions on individual securities.</li> <li>• The Fund may have exposure to Reverse Repurchase Agreements for efficient portfolio management purposes. The Fund's maximum notional exposure to total return swaps and SFTs is 100% of its net asset value (expected exposure in the range of 0% to 20% of its net asset value).</li> <li>• The Fund may invest up to 20% of its net asset value in high-yielding corporate debt securities of non-US Issuers located in Developed Countries and Emerging Market Countries, provided that such debt securities are denominated in US dollars and such issuers are domiciled in or have their principal activities located in OECD member countries. The Fund may invest in other assets as further set out in the investment policy of the Fund.</li> </ul> |   |
