KEY PRODUCT FEATURES			
<ul> <li>WHAT ARE YOU INVESTING IN?</li> <li>You are investing in an open-ended collective investment scheme constituted in Luxembourg as a UCITS that aims to seek capital appreciation with lower volatility relative to the broad equity markets.</li> <li>Under normal circumstances, you will receive regular distributions out of income depending on the distribution share classes you are investing in. Any distributions out of the capital of the Fund will reduce the NAV of the Fund.</li> <li>The Fund is structured as a multi-manager fund, where the Investment Manager (K2/D&amp;S Management Co., L.L.C, a Franklin Templeton affiliate) selects multiple Investment Co-Managers who may not be affiliated with Franklin Templeton, each of which uses an alternative investment strategy to invest its portion. These alternative investment strategies include, but are not limited to, Long Short Equity (takes long and short positions in equities and/or equity indices), Relative Value (taking a position in one financial instrument and an offsetting position in a related financial instrument, Event</li> </ul>	Refer to "Investment Objective, Focus and Approach of the Funds" section of the Singapore Prospectus, and the "Dividend Policy" section of the Luxembourg Prospectus.		

Driven (investing in companies undergoing restructurings or mergers), and Global Macro (seeking to take advantage of macro-economic changes as they impact companies).		
Investment Strategy		
<ul> <li>The Fund intends to invest in a wide range of transferable securities, financial derivative instruments and other eligible securities.</li> <li>The Fund may also, in accordance with the investment restrictions, invest (i) up to 10% of its net assets in securities issued by private companies and Private Investments in Public Equity (PIPEs) and (ii) up to 5% of its net assets in special purpose acquisition companies (SPACs) provided that the contemplated PIPEs and SPACs qualify as transferable securities under paragraphs (1) or (2) a) of Article 41 of the Law of 17 December 2010.</li> <li>Across the alternative strategies, the Fund seeks to promote broad environmental I characteristics (climate change, natural capital, pollution &amp; waste) and social (S) characteristics (human capital, product liability, stakeholder opposition). The Fund's Environmental and/or Social characteristics (within the meaning of Article 8 SFDR) promoted are detailed in Appendix G of the Luxembourg Prospectus attached to the Singapore Prospectus.</li> <li>The Fund can use derivatives for hedging, efficient portfolio management and investment purposes and may contribute to a material increase in the level of leverage.</li> <li>The Fund may hold significant amounts of bank deposits, money market instruments or money market funds pursuant to the applicable investment restrictions (up to 100% of its net assets).</li> <li>The expected level of exposure that could be subject to total return swaps (funds and unfunded) amounts to 36% of the Fund's net assets, subject to a maximum of 205%.</li> </ul>	Refer to "Investment Objective, Focus and Approach of the Funds" section of the Singapore Prospectus.
