Objective and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation. The Sub-Fund invests mainly in investment-grade debt instruments (bonds and money market instruments) of issuers around the world, including emerging markets. Investments may include mortgage-backed securities (MBS) and asset-backed securities (ABS). Specifically, the Sub-Fund invests at least 67% of assets in debt instruments that are issued or guaranteed by OECD governments or issued by corporate entities, including investment-grade MBSs and ABSs. There are no currency constraints on these investments., The Sub-Fund may invest less than 25% of the net assets in Chinese bonds denominated in local currency and investments may be made indirectly or directly (i.e. via Direct CIBM access) in Chinese bonds. The mortgages underlying the MBSs may be commercial or residential, and the MBSs may or may not have any form of government credit backing. The Sub-Fund's exposure to MBSs, ABSs and European CLOs is limited to 40% of net assets. This includes indirect exposure gained through to-be-announced securities (TBA), which is limited to 20% of net assets and European CLOs, which is limited to 10% of net assets. The Sub-Fund invests at least 70% of assets in investment-grade securities. While complying with the above policies, the Sub-Fund may also invest in other types of debt instruments, in deposits, and in the following up to these percentages of net assets:

- convertible bonds: 25%
- equities and equity-linked instruments: 10%
- UCITS/UCIs: 10%
- The Sub-Fund's exposure to contingent convertible bonds is limited to 10% of net assets

Dividend information

Dividend may be distributed out of interest income and/or capital gains and (in the event that interest income and/or capital gains are insufficient) out of capital attributable to the relevant share class / class. Investors should note that the declaration and/or payment of dividend (whether out of interest income, capital gains and/or capital) may have the effect of lowering the net asset value of the relevant share class / class. Past payout yields and payments do not represent future payout yields and payments.
