The CPF interest rate for the Ordinary Account ('OA') is based on the legislated minimum interest of 2.5% per annum, or the 3-month average of major local banks' interest rates, whichever is higher. In addition, the CPF Board pays an extra interest rate of 1% per annum on the first \$60,000 of a CPF member's combined balances (capped at \$20,000 in the OA). CPF members aged 55 and above will also earn an additional 1% extra interest on the first \$30,000 of their combined balances (capped at \$20,000 for OA). This is paid over and above the current extra 1% interest that is earned on the first \$60,000 of their combined balance. The first \$20,000 in the OA will not be allowed to be invested under the CPF Investment Scheme.
