In exceptionally unfavourable market conditions, it is permitted to temporarily hold more than 20% ancillary liquid assets if circumstances so require and to the extent that this appears to be justified with regard to the interests of the unitholder. Its investments in asset backed securities and mortgage-backed securities are limited to 20% of its net asset value. FDIs may be used as part of the investment strategy and not merely for efficient portfolio management and hedging. Its investment policy may be implemented using SDUs. At least 51% of its net assets are invested in assets that comply with the promoted environmental and social characteristics. Within this category, at least 10% of its net assets qualify as sustainable investments in accordance with article 2(17) SFDR. To utilise the developments on the international natural resources and commodity markets, up to 10% of its assets may be invested in FDIs whose underlying instruments are commodity indices and sub-indices, equities, interest-bearing securities, convertible bonds, convertible debentures and warrant linked bonds, index certificates, participation and dividend right certificates, 1:1 certificates (including ETCs) the underlying of which are single commodities. It does not invest into futures on soft commodities (e.g. cotton, sugar, rice, wheat) and all manner of livestock. It will not invest in contingent convertibles but intends to use securities financing transactions, and may invest in other permissible assets. At least 25% of its gross assets are invested in equity capital investments. The Sub-Fund's investments are subject to restrictions, as described in the Singapore Prospectus.

FDIs	Exchange Traded Commodities. Financial derivatives, including options, forwards, financial futures
FDIS	contracts and/or swaps.
forward pricing basis	Means that the redemption orders are placed on the basis of an unknown
forward pricing basis	NAV per share. The redemption price will be equal to the NAV per share
	determined on the Valuation Date that is subsequent to the Valuation Date
	on which the redemption request is received and accepted.
gross assets	The gross assets are determined as being the value of the Sub-Fund's
9.033 033013	assets without taking into account liabilities.
growth-oriented	Investors seeking higher capital appreciation while accepting increased
investors	risks. Return expectations are offset by high risks in the equity, interest
	rate and currency areas, as well as by credit risks and the possibility of
	incurring significant losses up to and including the total loss of capital
	invested. The investor is willing and able to bear such a financial loss and
	is not concerned with capital protection.
growth-oriented,	The definitions of these investor profiles were created based on the
income-oriented, risk-	premise of normally functioning markets. Further risks may arise in each
averse, and risk	case in the event of unforeseeable market situations and market
tolerant investors	disturbances due to non-functioning markets.
income-oriented	Investors seeking higher returns through dividend distributions and
investors	interest income from bonds and money market instruments. Return
	expectations are offset by risks in the equity, interest rate and currency
	areas, as well as by credit risks and the possibility of incurring losses up to
	and including the total loss of capital invested. The investor is also willing
	and able to bear a financial loss and is not concerned with capital
	protection.
Luxembourg Law (for	Means Part I of the Luxembourg law on Undertakings for Collective
the purpose of this	Investment of 17 December 2010, the provisions of Directive 2014/91/EU
document)	(amending Directive 2009/65/EC) (UCITS Directive), Commission
	Delegated Regulation (EU) 2016/438 of 17 December 2015 supplementing Directive 2009/65/EC of the European Parliament and of
	the Council with regard to the obligations of depositaries and the
	provisions of the Grand-Ducal Regulation of 8 February 2008, relating to
	certain definitions of the Law of 20 December 2002, on Undertakings for
	Collective Investment, as amended, and implementing Directive
	2007/16/EC.
NAV	Net asset value of the Sub-Fund, determined in accordance with Article 6
	"Calculation of the net asset value per share" of the General Section of
	the Luxembourg Prospectus.

permissible assets	Assets that the Sub-Fund may invest in, as set out in Article 2 "Risk
	spreading" of the General Section of the Luxembourg Prospectus.
risk-averse investors	Safety-oriented investors with little risk appetite, seeking steady
	performance but at a low level of return. Short-term and long-term
	fluctuations of the unit/share value are possible as well as significant
	losses up to the total loss of capital invested. The investor is willing and
	able to bear such a financial loss and is not concerned with capital
1	protection.

risk-tolerant investors	Investors who, in seeking investments with strong returns, can tolerate the substantial fluctuations in the values of investments, and the very high risks this entails. Strong price fluctuations and high credit risks result in temporary or permanent reductions of the net asset value per unit/share. Expectations of high returns and tolerance of risk by the investor are offset by the possibility of incurring significant losses up to and including the total loss of capital invested. The investor is willing and able to bear such a financial loss and is not concerned with capital protection.
