### KEY PRODUCT FEATURES

#### WHAT ARE YOU INVESTING IN?

- You are investing in a sub-fund of the Franklin Templeton Global Funds Plc, an open-ended investment company with variable capital organised under the laws of Ireland as a public limited company pursuant to the Companies Acts and the UCITS Regulations, that aims (as a primary objective) to generate total return and (as a secondary objective) to generate high current income by investing at least 70% of its net asset value in high yielding debt securities listed or traded on Regulated Markets.
- If you invest in a distributing class, you may receive distributions at the frequency indicated in the name of the distributing class.
- Distributing Plus share classes may pay distributions out of capital, which amounts to a return or withdrawal of part of an investor's original investment.
- Distributions will reduce the net asset value per share of the share class.

Refer to the "The Company", "The Funds – *Share Classes*" and "Investment Objectives and Policies and Product Suitability" sections in Paragraphs 1, 2.4 and 5.1 of the Prospectus for further information on features of the product.

Investment Strategy	
<ul style="list-style-type: none"> <li>• The Fund will invest at least 70% of its net asset value in high yielding debt securities listed or traded on Regulated Markets.</li> <li>• Higher yields are generally available from securities rated BB+ or lower by S&amp;P, or the equivalent by another NRSRO, or unrated securities of equivalent quality. The Fund may invest in debt securities rated as low as D by S&amp;P or the equivalent by another NRSRO. In making investment decisions, the Investment Manager and Sub-Investment Managers do not rely solely on ratings but also evaluate other economic and business factors affecting the issuer.</li> <li>• It is not expected for the Fund to invest more than 45% of its net asset value in high yield securities issued in Emerging Market Countries, Emerging European Countries and/or Emerging Asia/Pacific Countries and it is expected that the Fund will invest in at least 10 different countries, although the Fund is a global fund and is not confined to investing in any specific country or region.</li> <li>• The types of debt securities the Fund may invest in include debt securities issued or guaranteed by national governments, debt securities of supranational organisations, corporate debt securities, structured notes whose underlying exposure may be to fixed income securities, securitised participations in loans, mortgage-backed and asset-backed securities, Eurodollar bonds and Yankee dollar instruments, and Rule 144A securities.</li> <li>• The securities comprising the investment universe of the Fund are evaluated using a proprietary system and MSCI's ESG framework. The Fund seeks to invest in securities of issuers that in aggregate, achieve a weighted average portfolio carbon intensity which is at least 20% lower than the Benchmark.</li> <li>• The Fund promotes environmental characteristics and is classified as an Article 8 fund pursuant to the Sustainable Finance Disclosure Regulation ((EU) 2019/2088). The investments underlying the Fund do not take into account the EU criteria for environmentally sustainable economic activities, however, in line with its ESG methodology, the Fund may hold investments that seek to contribute to climate change mitigation and climate change adaptation.</li> <li>• The Fund is actively managed, and the Investment Manager is not constrained by the Benchmark. The Investment Manager has discretion in selecting investments within the Fund's objective and investment policies. The Benchmark is used for performance comparison purposes and by the Investment Manager in measuring and managing investment risk.</li> <li>• <b>The Fund may also invest in certain types of derivatives for efficient portfolio management purposes and/or investment purposes.</b> The Fund may be leveraged to up to 100% of its net asset value as a result of its use of derivative instruments. The Fund will not take direct short positions on individual securities.</li> <li>• The Fund may have exposure to Reverse Repurchase Agreements for efficient portfolio management purposes. The Fund's maximum notional exposure to total return swaps and SFTs is 100% of its net asset value (expected exposure in the range of 0% to 20% of its net asset value).</li> </ul>	<p>Refer to the "Investment Objectives and Policies and Product Suitability" section in Paragraph 5.1 of the Prospectus for further information on the investment strategy of the product.</p>
Parties Involved	
<p><b>WHO ARE YOU INVESTING WITH?</b></p> <ul style="list-style-type: none"> <li>• The Fund is constituted under the Irish-domiciled Franklin Templeton Global Funds Plc.</li> <li>• The Manager of the Fund is Franklin Templeton International Services S.à r.l., the Investment Manager of the Fund is Western Asset Management Company Limited, the Sub-Investment Managers of the Fund are Western Asset Management Company, LLC and Western Asset Management Company Pte. Ltd., and the Depositary is The Bank of New York Mellon SA/NV, Dublin Branch.</li> </ul>	<p>Refer to the "The Company", "Management" and "The Depositary" sections in Paragraphs 1, 3 and 4.4 of the Prospectus for further information on the role and responsibilities of these entities and what happens if they become insolvent.</p>

KEY RISKS							
<b>WHAT ARE THE KEY RISKS OF THIS INVESTMENT?</b>  <b>The value of the product and its dividends or coupons (if any) may rise or fall. These risk factors may cause you to lose some or all of your investment and your principal may be at risk:</b>	Refer to the "Risk Factors" section in Paragraph 8 of the Prospectus for further information on risks of the product.						
Market and Credit Risks							
<ul style="list-style-type: none"> <li>• <b>You are exposed to market risks</b> – The value of your investments may go up or down due to changing economic conditions or developments regarding individual issuers of debt securities that the Fund invests in.</li> <li>• <b>You are exposed to emerging markets risks</b> – Investments in emerging market countries poses certain risks for example risks arising from economic and political factors, limited liquidity, higher price volatility, less developed disclosure, reporting and regulatory standards and custodial and/or settlement systems.</li> <li>• <b>You are exposed to currency risks</b> – An investment in the shares of the Fund (including hedged share classes) may entail exchange rate risks. If you invest in a share class that is not denominated in SGD and your reference currency is SGD, you may be exposed to additional exchange rate risks.</li> </ul>							
Liquidity Risks							
<ul style="list-style-type: none"> <li>• <b>The Fund is not listed in Singapore and you can redeem your shares only on Dealing Days</b> – There is no secondary market in Singapore for the Fund. All redemption requests may only be made in the manner described in the Prospectus.</li> <li>• <b>Your redemption request may be deferred to subsequent Dealing Days if total redemption requests on a Dealing Day exceed 10% of the Fund's shares in issue.</b></li> <li>• <b>You will not be able to redeem your shares during any period where redemption is suspended.</b></li> </ul>							
Product-Specific Risks							
<ul style="list-style-type: none"> <li>• <b>You are exposed to risks of debt securities as this is a fixed income fund</b> – The value of debt securities is likely to decline in times of rising interest rates and vice versa. Other risks include liquidity risk, credit risk, risk of government securities, risk of high yield securities and risk of rated and unrated securities.</li> <li>• <b>You are exposed to custody and settlement risks.</b></li> <li>• <b>You are exposed to derivatives risks</b> – Derivatives in general involve special risks and costs and may result in losses to the Fund. A liquid secondary market may not always exist for the Fund's derivatives positions at any time. In addition, over-the-counter instruments also expose the Fund to risk that a counterparty will not meet its obligations to the Fund which may cause the Fund to suffer a loss.</li> <li>• <b>You are exposed to sustainability risk</b> - Integration of sustainability risks in the investment decision process may have the effect of excluding profitable investments from the investment universe of the Fund and may also cause the Fund to sell investments that will continue to perform well.</li> <li>• <b>You are exposed to risks of convertible securities</b> – The market value of convertible securities tends to vary when interest rates increase or decrease, and also varies with the fluctuations in the market value of underlying common stocks. There can be no assurance of capital appreciation through the conversion feature as securities prices fluctuate.</li> </ul>
