

Factsheet

Manulife Global Fund - Global Equity Fund

Investment Objective

The Fund aims to achieve capital growth from investing at least 80% of its net assets in a balanced portfolio of listed international equity and equity related securities, including common stocks, preferred stocks and depositary receipts. The Fund is designed as a relatively lower risk way of participating in world stock markets and offers an alternative to the other, more aggressive, regional Sub-Funds.

^{*} Performance figures are calculated with all dividends and distributions reinvested, taking into account all charges which would have been payable upon such reinvestment, and are annualised for periods over one year. The Offer to Bid performance includes the effect of an assumed current maximum front end load, which the investor might or might not pay. NAV to NAV figures reflect the Fund's investment performance.
