### Changes in the Board of Directors:

Changes to the composition of the Board of Directors are shown on page 5.

### Management Company role and responsibilities:

Aviva Investors Luxembourg S.A. as the Management Company is responsible for the investment management, administration and distribution functions of the Company. Aviva Investors Luxembourg S.A. may delegate part or all of such functions to third parties, subject to overall control and supervision. Please refer to the "Management and administration" section to get more details on delegations in place.

## DIRECTORS' REPORT (CONTINUED)

### Conducting officers:

The Management Company has appointed Conducting officers, in charge of the day to day management which are:

- Victoria Kernan
- Martin Bell
- Sophie Vilain
- Cindy Joller
- Gregory Nicolas (from 4 April 2023)

The Directors are required to take decisions in the interests of the Company and its Shareholders and to refrain from taking part in any deliberation or decision which creates conflict between their personal interests and those of the Company and its Shareholders.

The Board meets at least four times a year. The Board requests and receives reports from Aviva Investors Luxembourg S.A on the various activities including compliance controls and risk management undertaken by the Management Company. Senior Aviva Investors Luxembourg S.A representatives attend all of the quarterly Board meetings, thus enabling the Board to question the reports presented to it.

The Board reviews the Annual Report, the external audit process, corporate governance issues, agreements with various key service providers and the relationship with the external Auditor, including the recommendation to Shareholders of its appointment and level of fees.

A new director can be co-opted by existing directors of the Company following the resignation of one director. Such co-optation is required to be ratified by the shareholders at the Annual General Meeting ("AGM"). If there is no resignation, the existing directors cannot proceed by way of co-optation, and the approval of the shareholders at an AGM or Extraordinary General Meeting ("EGM") will be required to appoint a new director. Commission de Surveillance du Secteur Financier ("CSSF") approval is required in both circumstances. Directors who are affiliated with Aviva investors and its affiliates and subsidiaries have waived their fees for the period ended 30 June 2023.

The Company is subject to corporate governance based on:

Its obligations as defined by the UCITS Directive 2009/65/EC dated 13 July 2009, as implemented in Luxembourg law which is available for inspection at the registered office of the Company.

Its Articles of Incorporation which are available for inspection at the registered office of the Company and at the Luxembourg corporate and trade register, Registre de Commerce et des Sociétés.

Its rules of conduct which have been adopted pursuant to applicable requirements under CSSF Regulation 10-4 and CSSF Circular 18-698 for which the Company relies on:

-the Association of the Luxembourg Fund Industry ("ALFI") code of conduct for Luxembourg investment funds. The code of conduct sets a framework of high-level principles and best practice recommendations for the governance of Luxembourg investment funds.

The Board of Directors consider that the Fund has been in compliance with this code in all material aspects throughout the period ended 30 June 2023.

### Environmental, Social & Governance factors (ESG) Sub-Funds:

Information regarding how the Investment Manager integrates ESG into its investment approach, its proprietary ESG model and how it engages with companies for each Sub-Funds is available on the website <http://www.avivainvestors.com>.

### Annual General Meeting:

The annual general meeting shall be held in the Grand Duchy of Luxembourg at the registered office of the Company, or at such other place in Luxembourg as may be specified in the notice of the meeting, at any date and time decided by the Board but no later than within 6 months from the end of the Company's previous financial year.

## NOTES ON THE PORTFOLIO OF INVESTMENTS DISCLOSURE:

Please note that the Portfolio of Investments and Other Net Assets has been prepared based on the country of incorporation of each position. To ensure consistency within this report, the same approach has been applied to all categories of investments. A disclosure based on country of risk could lead to a different geographical classification. Investments in China are shown with the suffix 'A' or 'H' which signifies:

China A-Shares

Companies incorporated in mainland China and which are traded in the mainland A-Share markets.

China H-Shares

Companies incorporated in mainland China and listed in Hong Kong and other foreign stock exchanges.

Please also note that the geographical allocation of the portfolios excludes derivatives exposure.

## NOTES TO THE FINANCIAL STATEMENTS

As at 30 June 2023

### 1. GENERAL

#### 1.1 THE COMPANY

Aviva Investors (the "Fund") is a Variable Capital Investment Company (Société d'Investissement à Capital Variable) established in the Grand Duchy of Luxembourg under Part I of the law of 17 December 2010, as amended (UCITS V). The Fund was incorporated in Luxembourg on 16 January 1990 for an unlimited period. The Fund operates as an open ended investment Fund.

The Company is structured to provide both institutional and individual investors with a choice of investment portfolios, each offering different investment objectives designed to meet specific risk expectations and diversification requirements.

As at 30 June 2023, the Fund comprises 21 active Sub-Funds.

Distributions are disclosed in the caption "Dividend distributions" in the Combined Statement of Operations and Changes in Net Assets.

#### 1.2 THE SHARE CLASSES

The Board may issue A, B, F, I, J, K, L, M, R, S, V and Z Share Classes in any currency, as accumulation or distribution share classes, and which may be hedged or unhedged. Accumulation share classes with UK reporting status are designated with "y", distribution share classes are designated with "a", "q" or "m" depending on the dividend distribution frequency, and hedged share classes are designated with "h".

##### 1.2.1 CURRENCY

Share Classes may be available in various currencies (each a "Class Currency") other than the reference currency of the Sub-Fund. Where offered in a currency other than the reference currency of the relevant Sub-Fund, a Share Class is designated as such.

##### 1.2.2 DIVIDEND POLICY

It is intended that all Share Classes with an "a", "q" or "m" in the designation will distribute on an annual (a), quarterly (q) or monthly (m) basis if determined by the Board.

Payment is made in the currency in which the relevant Share Class is denominated.

##### 1.2.3 HEDGED SHARE CLASSES

In accordance with the provisions of the current prospectus, the Fund may offer Share Classes in a Sub-Fund in a currency other than the Sub-Fund's reference currency or in relation to the currencies in which the underlying assets of the Sub-Fund are denominated. The respective Sub-Fund has the ability to hedge such Share Classes in relation to the Sub-Fund's reference currency. Where hedging of this kind is undertaken the latter is designated as such by a reference to "hedged" or ("h"). A Sub-Fund can also choose to manage currency exposure with a reference to a Benchmark. Because such a benchmark is only used as a point of reference, a Sub-Fund's exposure to any given currency may be different than that of its benchmark. The Sub-Fund will engage for the exclusive account of such Share Classes, in forward foreign exchange contracts, currency futures, currency options or currency swaps, in order to preserve the value of the Share Class in its reference currency against its value in the Sub-Fund's currency or against the currencies in which the underlying assets of the Sub-Funds are denominated.

Where undertaken, the effects of this hedging is reflected in the Net Asset Value and, therefore, in the performance of the currency Classes. As a result, currency hedging may impact the Net Asset Value of one Class as compared to the Net Asset Value of a Class denominated in another currency. Any profit or loss resulting directly from the forward foreign exchange contracts, currency futures, currency options or currency swaps used to create the hedge is borne by the relevant currency Class in relation to which they have been incurred.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared and presented in accordance with generally accepted accounting principles in Luxembourg for investment funds on a going concern basis. Sub-funds that have been liquidated during the period or are intended to be liquidated after the period end are prepared on a non-going concern basis. The preparation of financial statements requires management to make estimates and assumptions that may affect the amounts reported in the financial statements and the accompanying notes. Actual results may differ from those estimates.

#### 2.1 FOREIGN CURRENCIES

The financial statements of each Sub-Fund of the Fund are expressed in the currency of the Sub-Fund and its accounting records are maintained in that currency. Assets and liabilities in other currencies are translated into the currency of the Sub-Fund using the exchange rate in effect at the period end date. Income and expenses in other currencies are translated into the currency of the Sub-Fund at the exchange rate in effect on the date of the transaction.

The resulting exchange differences are recorded in the Combined Statement of Operations and Changes in Net Assets within the caption "Foreign currency translation difference".

The combined financial statements of the Fund represent the sum of the financial statements of each Sub-Fund. The combined financial statements are presented for information purposes only in EUR, each Sub-Fund using the exchange rates prevailing at the Balance Sheet date.

The exchange difference resulting from the translation of net assets at the beginning of the period using the period end rates is recognised in the Combined Statement of Operation and Changes in Net Assets within the caption "Foreign currency translation difference".

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

As at 30 June 2023

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.2 SWING PRICING

A Sub-Fund may suffer dilution of the Net Asset Value per Share due to investors buying or selling Shares at a price that does not reflect the dealing and other costs that arise when security trades are undertaken by the Investment Manager to accommodate cash inflows or outflows.

In order to counter this impact and protect the interests of shareholders, the NAV may be adjusted upward when there is strong demand to buy Sub-Fund Shares and downward when there is strong demand to redeem Sub-Fund Shares.

The adjustment may vary from Sub-Fund to Sub-Fund and will normally not exceed 2% of the original NAV per Share unless exceptional market conditions occur.

The thresholds where swing pricing is triggered are set by the Management Company, and may vary over time and from one Sub-Fund to another.

The swing pricing mechanism may be applied across all Sub-Funds and Share Classes.

The NAV per Share as disclosed in the statistical information is the published NAV per Share whereas the total net assets disclosed in the Combined Statement of Net Assets is the total net asset value excluding any period end swing adjustment.

As at the period end, no swing pricing was applied on the NAV per Share of the Sub-Funds.

#### 2.3 VALUATION OF ASSETS

The value of the assets of the Fund is determined as follows:

(1) The value of any cash in hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be received in full, in which case the value thereof shall be arrived at after making such discount as the Board of Directors may consider appropriate in such case to reflect the true value thereof;

(2) The value of securities, Money Market Instruments and/or financial derivative instruments which are quoted or dealt in on any stock exchange is based on the last available price provided that where securities, Money Market Instruments and/or financial derivative instruments are quoted on any stock exchange operating on the basis of separate bid and offer prices mid-market valuations may, as the Board may decide, be applied;

(3) In the event that any of the securities held in the Fund's portfolio on the relevant dealing day are not quoted or dealt in on any stock exchange or regulated market or if, with respect to securities quoted or dealt in on any stock exchange or regulated market, the price as determined pursuant to sub-paragraphs (2) or (3) is not representative of the fair market value of the relevant securities, the value of such securities is determined based on the reasonably foreseeable sales price determined prudently and in good faith by or under the Board of Directors' supervision.

(4) Shares in open-ended UCIs and/or UCITS are valued on the basis of their last Net Asset Value, as reported by such undertakings.

(5) The financial derivative instruments which are not listed on any official stock exchange or traded on any other regulated market are valued in a reliable and verifiable manner on a daily basis and in accordance with market practice, as further detailed below.

(6) Futures

The Fund on behalf of a Sub-Fund may enter into financial futures contracts as part of its investment strategy. Upon entering into a futures contract, the Fund is required to deposit with a broker an amount ("initial margin") equal to a certain percentage of the purchase price indicated in the futures contract. Initial margin is included as part of "Cash at bank and at brokers" in the Combined Statement of Net Assets. Subsequent payments ("variation margin") are made or received by the Sub-Fund each day, depending on the daily fluctuations in the value of the underlying futures contracts. These subsequent payments are recorded for financial reporting purposes as unrealised result by the Sub-Fund. When entering into a closing transaction, the Sub-Fund will realise, for book purposes, a gain or loss equal to the difference between the values of the futures contract to sell and the futures contract to buy. Futures contracts are valued at the last sale price or, in the absence of a sale, the mean between the closing bid and asked quotation or if no bid or asked prices are available, at the last bid price. Certain risks may arise upon entering into futures contracts from the contingency of imperfect market conditions. Please refer to the Portfolio of Investments and Other Net Assets for the details of the contracts outstanding as at 30 June 2023. When a contract is closed, the Sub-Fund records a realised gain or loss equal to the difference between the proceeds from, or cost of, the closing transaction and the initial cost of the contract within the caption "Net realised gain/(loss) on financial futures contracts" in the Combined Statement of Operations and Changes in Net Assets.

(7) Forward currency exchange contracts

All Sub-Funds in connection with the portfolio purchases and sales of securities denominated in a foreign currency or Share Class hedging, may enter into forward currency exchange contracts for the purposes of hedging foreign currency exchange risks. Contracts are recorded at market value based on the forward exchange rate of the underlying currency on the valuation day. Certain risks may arise upon entering into these contracts from the potential inability of counterparties to meet the terms of their contracts. Please refer to the Portfolio of Investments and Other Net Assets for the details of the contracts outstanding as at 30 June 2023. When a contract is closed, the realised gain/(loss) is recorded within the caption "Net realised gain/(loss) on forward currency exchange contracts" in the Combined Statement of Operations and Changes in Net Assets. Unrealised gains or losses are recorded within the caption "Unrealised gain/(loss) on forward currency exchange contracts" in the Combined Statement of Net Assets.

(8) Swaps contracts

A swap is an agreement that obliges two parties to exchange a series of cashflows at specified intervals based upon or calculated by reference to changes in specified prices or rates for a specified amount of an underlying asset. The payment flows are usually netted against each other at the brokers' level, with the difference being paid by one party to the other, if authorised by the dedicated International Swaps and Derivatives Associations agreements ("ISDA agreements"). Risks may arise as a result of the failure of counterparty to the swap contract to comply with the terms of the swap contract. The loss incurred by the failure of a counterparty is generally limited to the net payment to be received by the Fund, and/or the termination value at the end of the contract. Therefore, the Fund considers the creditworthiness of each counterparty to a swap contract in evaluating potential credit risk. Additionally, risks may arise from unanticipated movements in interest rates or in the value of the underlying securities or indices.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

As at 30 June 2023

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 2.3 VALUATION OF ASSETS (CONTINUED)

Financing leg proceeds received or paid on swap contracts are, respectively, included as part of "Income – Interest on swap contracts" and "Expenses – Interest on swap contracts" in the Combined Statement of Operations and Changes in Net Assets. Unrealised gains or losses on the remaining leg are recorded within the caption "Swap contracts at fair value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets within the caption "Net changes in unrealised appreciation/(depreciation) on swap contracts". When a contract is closed, the realised gains or losses are recorded within the caption "Net realised gain/(loss) on swap contracts" in the Combined Statement of Operations and Changes in Net Assets.

The cashflows received and paid by the Sub-Fund in connection with swap contracts are converted to present value on the valuation date corresponding to the maturity of these cashflows. The value of the swap contracts is the difference between these two present value conversions. Please refer to the Portfolio of Investments and Other Net Assets for the details of the contracts outstanding as at 30 June 2023.

##### (9) Options

Premiums paid by the Sub-Funds for purchased options are included in the Combined Statement of Net Assets as option purchased. If the option is allowed to expire, the Sub-Fund will lose the entire premium it paid and record a realised loss for the premium amount. Premiums paid for purchased options which are exercised or closed are added to the amounts paid or offset against the proceeds on the underlying investment transaction to determine the realised gain/loss to be booked.

Premiums received by the Sub-Funds for written options are included in the Combined Statement of Net Assets as option written. The Sub-Fund records a realised gain or loss on a written option based on whether the cost of the closing transaction exceeds the premium received.

The realised gain/losses and change in unrealised appreciation/(depreciation) on options are disclosed in the Combined Statement of Operations and Changes in Net Assets, respectively within the captions "Net realised gain/(loss) on options contracts" and "Net changes in unrealised appreciation/(depreciation) on options contracts".

Options that are not traded on a regulated market or any other regulated market are valued at their liquidation value determined in accordance with the rules set in good faith by the Board of Directors according to standard criteria for each type of contract. Please refer to the Portfolio of Investments and Other Net Assets for the details of the options contracts outstanding and margin deposits as at 30 June 2023. The company can also use options on swaps (swaptions). The market value of these swaptions is shown in the caption "Options purchased contracts at fair value" or "Option written contracts at fair values". For swaptions, the gross premiums to be paid on purchased options (to be received on written options) are included in the caption "Payable on investments purchased" ("Receivable on investments sold") in the Combined Statement of Net Assets.

##### (10) Fair value

Fair Market valuation: Aviva Investors Luxembourg has implemented a fair valuation process for Asia Pacific equities in order to protect the funds against market timing practices. In the case a market in which the Funds invest is closed at the time the funds' assets are valued, the latest available price may not reflect the fair value of the fund portfolio. In such circumstances, some investors could exploit this gap, which is considered as market timing and deemed "not acceptable" as per CSSF circular 04/146. To limit this, the fund should adjust the local closing price of the securities held to reflect the information available at valuation point. The adjustment amount is so included in the market value of securities in scope. At the time of this report, the Sub-Fund included in this Fair market valuation process is Global Emerging Markets Core Fund.

Fair valuation of individual positions: In face of difficult market conditions (e.g. no liquidity, lack of information on trades, etc.), prices obtained for certain investments source may not be representative of fair value. As a result, the Board of Directors of the Fund has implemented fair value techniques to estimate the fair value of these investments. Because of the inherent uncertainties in the fair valuation process, these estimated values may significantly differ from the values that may be ultimately recovered. At the time of this report, Sub-Funds included in this Fair market valuation process are listed below:

Sub-Fund Name	Currency	Number of Securities	Market value of fair valued securities	% of Net Assets
Aviva Investors - Emerging Markets Corporate Bond Fund	USD	1	-	-
Aviva Investors - European Corporate Bond Fund	EUR	1	-	-
Aviva Investors - Global Convertibles Absolute Return Fund	USD	3	-	-
Aviva Investors - Global Convertibles Fund	USD	3	-	-
Aviva Investors - Global Emerging Markets Core Fund	USD	4	-	-
Aviva Investors - Global Emerging Markets Equity Unconstrained Fund	USD	2	-	-
Aviva Investors - Global Emerging Markets Index Fund	USD	34	-	-

The number of fair-valued securities has increased due to the Russian crisis.

#### 2.4 TREATMENT OF INTEREST INCOME AND DIVIDENDS

Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date. Both are recorded net of withholding tax.

### 3. COLLATERAL

Several Sub-Funds received collateral to cover the unrealised results on OTC derivative instruments. Collateral is calculated and settled on a daily basis per counterparty. Cash collaterals cannot be sold, re-invested or pledged.

## 4. RELATED PARTIES

## 4.1 INVESTMENT MANAGERS AND MANAGEMENT COMPANY FEES

## 4.1.1 MANAGEMENT FEES

The Management Company receives from the Fund a management fee payable in arrears at the end of each month. Investment Managers are paid out of this fee by the Management Company. Please refer to the prospectus for details of the applicable rates per share class.

## 4.1.2 PERFORMANCE FEES

For the Sub-Fund Aviva Investors - Global Convertibles Absolute Return Fund and in accordance with the Fund's prospectus, Investment managers may receive some performance fees in addition to their investment management fees. The performance fee is charged when the Sub-Fund exceeded its previous high water mark (the NAV on the day the most recent performance fee was paid or, if no performance fee has ever been paid, then the NAV at inception).

The performance fee shown in the table applies only to the portion of the Sub-Fund's performance that is above the performance of its benchmark. For Sub-Fund that has an annual performance fee, the performance period begins 1 January (or any later date at which it first becomes effective) and ends 31 December (or any earlier date on which it ceases to become effective). The Sub-Fund has a quarterly performance fee and each performance period begins on the first business day of the quarter (or any later date at which it first becomes effective) and ends on the last business day of the quarter (or any earlier date on which it ceases to become effective).

A Sub-Fund's performance fee accrues each Business Day.

The performance fee is crystallised at the end of each performance period and any amount due for the period is paid to the Investment Manager. Neither the Management Company nor any Investment Manager is permitted to pay money into the Sub-Fund or to any Shareholder for any underperformance.

For Shares redeemed during a financial year, the performance fee is calculated as of the date the transaction is processed, and any performance fee due is crystallised at the time of redemption.

Any applicable performance fee is calculated for each Class of the Sub-Fund (except Z Shares, which pay no performance fee). Because different Share Classes may have different NAVs, the actual performance fees paid may vary by Share Class. For Distribution Shares, any distributions paid out are counted as part of performance for purposes of performance fee calculation.

The performance fee rate used for performance fee calculation purposes on the Sub-Fund are as follows:

Sub-Fund Name	Benchmark	Performance fee rate %
Aviva Investors - Global Convertibles Absolute Return Fund	Net positive return over the previous 3 months	10%

Performance fees are shown in the Statement of Operations and Changes in Net Assets within the caption "Performance fees".

## 4.1.3 MANAGEMENT COMPANY FEES

## DOMICILIARY FEES:

As remuneration for services rendered as domiciliary agent, the Management Company receives a fixed annual fee from Sub-Funds as per the Management Company service agreement. This fee is included in the Combined Statement of Operations and Changes in Net Assets within the caption "Other Operating expenses" and represents an amount of EUR 3,000 per year and per Sub-Fund, payable monthly in arrears.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

As at 30 June 2023

### 4. RELATED PARTIES (CONTINUED)

#### SUPERVISORY DUTIES:

The Fund and its respective Sub-Funds pay a fee and reasonable out-of-pocket expenses of the Management Company for its supervisory role with regards to the delegated activities, overall responsibility for key decisions, compliance and risk management, up to 0.125% per annum of the aggregated average daily Net Asset Value per Share Class (except the class F, J, K, L, M, V and Z which are not subject to this fee). This fee is included in the Combined Statement of Operations and Changes in Net Assets within the caption "Other Operating expenses".

#### 4.2 DISTRIBUTION FEES

The Distributor receives from the Fund a distribution fee, payable in arrears at the end of each month, calculated at the annual rate per annum of the aggregate average daily Net Asset Value per applicable Share Class, as detailed in the current prospectus.

### 5. DEPOSITARY FEES

The Fund and its respective Sub-Funds pay depositary fees to J.P. Morgan SE in respect of its activities as Depositary (including safekeeping, supervision and transaction activities). The fees will vary in respect of each Sub-Fund depending on the value of the assets held by the Depositary and the volume of trading in that Sub-Fund and should not exceed a maximum of 0.20% per annum, payable monthly in arrears. This fee is included in the Combined Statement of Operations and Changes in Net Assets within the caption "Depositary fees".

### 6. REGISTRAR AND TRANSFER AGENCY FEES

The Fund pays fees to RBC Investor Services Bank S.A. in respect of its activities as Registrar and Transfer Agent (including maintenance of register, Shareholders services, transaction, dividend processing and commission handling activities). These fees are payable monthly in arrears.

The Fund pays the Registrar and Transfer Agent a fee and reasonable out-of-pocket expenses, not exceeding a maximum of 0.07% per annum of the aggregate average daily Net Asset Value per applicable Share Class. This fee is included in the Combined Statement of Operations and Changes in Net Assets within the caption "Other Operating expenses".

### 7. ADMINISTRATION FEES

The Fund pays the administrator fees for its services estimated to 0.05% per annum of the average NAV in period. Such fees are payable monthly. Actual rate charged is calculated based on several factors including number of share classes, and complexity of the Sub-Fund.

### 8. DIRECTOR FEES

All internal directors have decided to waive their remuneration. The total remuneration paid to the external directors amounts to EUR 56,000 and is included within the caption "Professional fees".

### 9. WAIVER FEES

In order to preserve investors from fluctuations in their operating and administrative expenses, the Management Company may decide to waive all or a part of their fees or to subsidise operating and administrative expenses of some Sub-Funds. Amounts waived are shown in the Combined Statement of Operations and Changes in Net Assets within the caption "Fee waiver".

### 10. TAXATION

#### *Luxembourg subscription tax*

The Fund is not liable to any Luxembourg income tax, but is liable in Luxembourg to a tax of 0.05% per annum of its net assets for the A, B, J and R Share Classes of all Sub-Funds that invest in non-money market related securities and 0.01% per annum of its net assets for the F, I, K, L, M, S, V and Z Share Classes of all Sub-Funds. Such tax is payable quarterly on the basis of the net assets of the respective Share Class at the end of the relevant quarter. For the Sub-Funds which are investing in Funds already subject to this tax, there will be no double taxation.

Dividends, interest and capital gains on investments held by the Fund may be subject to non-recoverable tax and withholding and capital gains taxes in the country of origin.

Withholding tax reclaims

The withholding tax reclaims receivable are disclosed in the Combined Statement of Net Assets. The Board of Directors continuously monitors the recoverability of the reclaims in conjunction with the different tax authorities.

### 11. DIVIDEND DISTRIBUTION

Distributions are disclosed in the caption "Dividend distributions" in the Combined Statement of Operations and Changes in Net Assets.

### 12. SECURITIES LENDING

The Sub-Funds may lend portions of investments to third parties. In return the Sub-Funds receive a fee that is negotiated for each transaction. Such lending may only be effected in accordance with the terms of the Prospectus which reflects requirements of CSSF regulations. Securities are lent within the framework of a standardised lending system organised by a recognised securities clearing body or by a highly rated financial institution specialised in such activities.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

As at 30 June 2023

**12. SECURITIES LENDING (CONTINUED)**

During the period, 80% of any incremental income earned from securities lending was accrued to the applicable Sub-Fund with securities lending agent Bank of New York Mellon SA/NV (BNYM), with the remaining 20% payable to the securities lending agent which arrange the transaction. The income earned from the securities lending program is shown in the respective Sub-Funds' Combined Statement of Operations and Changes in Net Assets. The securities lending agent BNYM and none of the counterparties are related parties.

### 1. SECURITIES FINANCING TRANSACTIONS (CONTINUED)

#### AGGREGATE TRANSACTION DATA (CONTINUED)

##### Maturity tenor of securities lending agreement and total return swap contracts (continued)

##### Settlement and clearing (continued)

OTC derivative transactions are entered into by the Fund under an International Swaps and Derivatives Associations, Inc. Master Agreement (“ISDA Master Agreement”) or similar agreement. An ISDA Master Agreement is a bilateral agreement between the Fund/s and a counterparty that governs OTC derivative transactions (including total return swaps) entered into by the parties. All OTC derivative transactions entered under an ISDA Master agreement are netted together for collateral purposes, therefore any collateral disclosures provided in this report are in respect of all OTC derivative transactions entered into by the Fund with the applicable TRS counterparties under the ISDA Master agreement, not just total return swaps.

##### Reuse of Collateral

##### Share of collateral received that is reused and reinvestment return

Collateral received in relation to security lending transactions and total return swap contracts cannot be sold, re-invested or pledged.

##### Safekeeping of Collateral

##### Collateral received

All collateral received by the Fund in respect of securities lending & total return swaps transactions as at the reporting date are held by J.P. Morgan SE.

##### Collateral granted

No Collateral granted during the period.

##### Return and cost

The total income earned from securities lending transactions is split between the relevant Sub-Funds and the securities lending agent. Detail of this split is disclosed in note 12 to the financial statements.

All returns from total return swap contracts will accrue to the Sub-Funds and are not subject to any returns sharing arrangements with the Investment Manager or any other third parties.

### 2. REMUNERATION DISCLOSURE – UCITS

In line with the requirements of the Undertakings for Collective Investments in Transferable Securities Directive V (“UCITS V”), Aviva Investors Luxembourg (“AI LUX”) is subject to a remuneration policy which is consistent with the principles outlined in the European Securities and Markets Authority guidelines on sound remuneration policies under the UCITS directive.

#### REMUNERATION GOVERNANCE

##### AVIVA INVESTORS LUXEMBOURG REMUNERATION COMMITTEE

The Aviva Investors Luxembourg Remuneration Committee is responsible for reviewing the Remuneration Policy of Aviva Investors Luxembourg, which is an addendum to the Aviva Investors Global Remuneration Policy. This Committee reviews individual remuneration packages for all employees to which the Remuneration Code applies and considers the remuneration policy and structures for all Aviva Investors Luxembourg employees.

The Aviva Investors Luxembourg Remuneration Committee is comprised of Barry Fowler (Chair), Kate McLellan, Sally Winstanley and Stephen Doubleday. The Aviva Investors Luxembourg Remuneration Committee met once in 2022.

##### AVIVA INVESTORS REMUNERATION COMMITTEE

The Aviva Investors Remuneration Committee is responsible for reviewing and making recommendations to the Aviva Group Remuneration Committee and Aviva Investors Holdings Limited Board regarding the Remuneration Policy of Aviva Investors. This Committee reviews individual remuneration packages for all employees to which the UK Remuneration Codes apply and considers the remuneration policy and structures for all Aviva Investors employees.

The Aviva Investors Remuneration Committee is comprised of Non-Executive Director Mike Craston and Independent Non-Executive Directors Jeffrey Weingarten (Chair), Sue Amies-King, Alexa Coates, Andrew Kirton and Mark White. The majority of the members were also members of the Aviva Investors Risk Committee during 2022. The Aviva Investors Remuneration Committee met on 5 occasions in 2022.

##### AVIVA GROUP REMUNERATION COMMITTEE

The Aviva Group Remuneration Committee oversees Aviva’s remuneration policies and practices. The Committee considers alignment between Group strategy and the remuneration of Directors and Material Risk Takers (MRTs) within Aviva Investors. The Committee also works with the Board Risk Committee to ensure that risk and risk appetite are properly considered in setting the remuneration policy. The full roles and responsibilities of the Aviva Group Remuneration Committee are available on the Investor Relations website, found here:

<http://www.aviva.com/investor-relations/corporate-governance/board-of-directors/board-committees/remuneration-committee/>

## OTHER INFORMATION (CONTINUED)

As at 30 June 2023

### 2. REMUNERATION DISCLOSURE – UCITS (CONTINUED)

The Aviva Group Remuneration Committee is comprised of Independent Non-Executive Directors Pippa Lambert (Chair), Andrea Blance and Patrick Flynn. Andrea Blance and Patrick Flynn were also members of the Board Risk Committee during 2022. The Aviva Group Remuneration Committee met on 7 occasions in 2022.

When setting remuneration policy, the relevant Remuneration Committees take account of the company's strategic objectives and take into account the long-term interests of shareholders and other stakeholders.

During 2022 the Aviva Investors Remuneration Committee and Aviva Group Remuneration Committee received independent advice on executive remuneration matters from Deloitte LLP which is a member of the Remuneration Consultants Group and adheres to its Code of Conduct.

### REMUNERATION POLICY

The Aviva Investors remuneration policy is consistent with Aviva's remuneration principles which support the execution of Aviva Investor's strategy, rewarding sustained performance and growth aligned with our values:

- Performance aligned: We differentiate reward based on performance. Outcomes are aligned with Aviva, business-line and individual performance, both financial and non-financial.
- Competitive: We focus on the total reward package, ensuring that reward programme design and outcomes are market aligned and competitive, enabling the attraction, motivation and retention of high-quality colleagues.
- Simple, transparent and consistent: We operate a 'one Aviva' approach to reward. Our reward programmes are only as complex as necessary. They are easily understood.
- Fair: Our reward programmes and decision-making support Aviva's commitment to create a diverse and inclusive organisation, ensuring that all colleagues are rewarded fairly in view of the results achieved and individual contributions. Our reward approach is designed to attract, motivate and retain high quality colleagues, regardless of gender, ethnicity, age, disability or any other factor unrelated to performance, contribution or experience
- Doing the right thing: We do the right thing through reward programmes that support Aviva's values, behaviours and sustainability objectives. Outcomes consider expectations of Customers, Colleagues and Shareholders.
- Risk aligned: Reward is designed to promote sound and effective risk management, within a robust internal governance framework.

### LINK BETWEEN PAY AND PERFORMANCE

Performance is measured against a combination of:

- Aviva Investors and Group performance:
  - A rounded assessment of performance against financial key performance indicators (including, but not limited to operating profit, investment performance and net flows). The assessment of financial performance includes reference to actual results versus prior period results, agreed plans, relativity to competitors and progress towards our long-term target ambition; and
  - Non-financial considerations including management of risk (including the integration of sustainability risks in the investment process, where applicable), diversity and inclusion, employee engagement metrics and alignment with value created for our shareholders
- Business Unit Performance: Contribution of each business area to the overall success of the Aviva Investors, year on year growth and execution of its strategy; and
- Individual Performance: Delivery against individual goals and relative performance in comparison to peers, as well as the extent to which individuals have demonstrated the Aviva values.

The Performance assessment does not encourage risk taking outside the Aviva Investors stated risk appetite and includes mechanisms by which performance against risk and conduct related measures has a significant impact on the availability and size of business and individual variable awards.

The Risk function provide an independent assessment of risk and control effectiveness to the Aviva Group Remuneration Committee for consideration in setting the bonus pool. The assessment is based on a balanced scorecard with metrics designed to drive and reward good risk management behaviours and outcomes, and measures to ensure appropriate independent challenge and review. The assessment includes consideration of both current and likely future risks facing the business.

The Risk function also input on any risk and conduct breaches occurring during the year that could impact variable remuneration outcomes on an individual basis. Future risks identified that have a likelihood of materialising may result in withholding or reduction in variable remuneration.

Through Aviva Investors' Global Reward Framework, all investment employees should support responsible investment and integrate ESG considerations into their investment processes, including the consideration of Sustainability Risk (as defined by the EU Sustainable Finance Disclosure Regulation). ESG research is integrated into the investment process and forms part of the investment scorecard and annual risk attestation. The Chief Investment Officers and investment desk heads consider how investment employees demonstrate their commitment to ESG processes as part of the determination of annual performance and pay outcomes.

The remuneration of employees in Control Functions (defined as Risk, Compliance and Audit) is determined independently of the financial results of Aviva Investors in order to reinforce the independence of these functions. To avoid conflicts of interest, no individual is involved in decisions relating to his or her own remuneration.

### STRUCTURE OF REMUNERATION

#### FIXED REMUNERATION

Basic Salary – set within an appropriate market range and reflecting a colleague's professional experience and organisational responsibilities. Fixed pay is set at a level which is sufficient to allow the possibility, where performance warrants, that an employee may receive no variable pay.

As at 30 June 2023

### 2. REMUNERATION DISCLOSURE – UCITS (CONTINUED)

Benefits – standard benefits are provided that are appropriate to the market, compliant with all legal requirements and intended to provide choice and flexibility to meet individual needs.

#### VARIABLE REMUNERATION

Annual Bonus – a discretionary short-term incentive plan where individuals may receive a bonus based on business and individual performance against targets. All Aviva Investors colleagues who are permanent employees or Fixed Term Contractors are eligible to be considered for an annual bonus.

Annual bonuses are typically received in cash but awards above certain thresholds are deferred to align the interests of employees with those of the company, its customers, and shareholders and to aid retention. A three-year deferral with pro-rata vesting in Aviva funds and/or Aviva Group Plc shares applies. MRTs are subject to additional deferral requirements, further detail is included below in the section ‘MRT Deferrals and Retention Periods’.

Long Term Incentive Awards (LTIA) – discretionary long-term incentive plan to align reward with long-term investment performance, Aviva Group and Shareholders, and with the additional intention to help retain key talent. All Aviva Investors colleagues who are permanent employees are eligible to receive an LTIA, although LTIA are typically awarded to a select number of senior colleagues.

LTIA vest after three years; part in Aviva Investors and part in Aviva Restricted Share Units (RSUs). For colleagues in the Real Assets business, Aviva funds are subject to a two-year holding period post vesting to align with the longer-term nature of investments in the Real Assets business. For the Aviva Investors CEO, due to his role as a member of the Aviva Executive Committee the award of RSUs is subject to additional Aviva Group performance conditions. For MRTs, vesting is subject to a pre-vesting assessment of individual performance, behaviours, and alignment with the company values of Aviva Investors throughout the three-year performance period.

Variable remuneration is discretionary and fully flexible, including the possibility of zero if performance thresholds are not met.

#### MRT DEFERRALS AND RETENTION PERIODS:

In line with regulatory requirements, MRTs are subject to additional deferral requirements:

- MRTs who have also been identified under the Alternative Investment Fund Managers Directive (AIFMD) and Undertakings for Collective Investment in Transferable Securities V (UCITS) Directive are subject to the AIFMD/UCITS V remuneration requirements. The requirements are applied on an apportioned basis, based on activity performed for the regulated entity. Any MRT who has apportioned remuneration over EUR100,000 is subject to the following requirements: 40% of variable remuneration under is deferred over three years and a minimum of 50% of total variable remuneration is delivered in Aviva funds, this applies to both the deferred element and the upfront element (the element that is not subject to deferral).

When setting deferral schedules and retention periods for MRTs, Aviva Investors take into account:

- The firm’s business cycle (including length), the nature of its business and its risk profile;
- The activities and responsibilities of MRTs and how these may impact the risk profile of the firm or the assets the firm manages;
- Whether the deferred variable remuneration is paid out in instruments or cash;
- The amount of the variable remuneration and the ratio of variable to fixed remuneration; and
- How long it could take for the risks underlying the staff member’s performance to crystallise.

Aviva Investors considers, based on market practice and in consideration that all variable awards are subject to clawback post vesting, that: the proportion of variable remuneration that is deferred is appropriate to align the interest of colleagues with the risk profile of the regulated entities; the retention period is of suitable length post release of the deferred awards (or in the case of an upfront component the award); and, the deferral period and vesting schedule is of an appropriate length.

For all MRTs, malus provisions and leaver conditions will apply during the vesting period. However, these will not apply during the six-month holding period. Clawback provisions continue to apply after the vesting period, including during the holding period.

Colleagues are not permitted to undertake personal hedging strategies in respect of any variable remuneration.

#### MALUS AND CLAWBACK:

All variable pay granted or paid to any Aviva Investors employee is subject to the Aviva’s Malus and Clawback Policy. This includes the cash and deferred elements of the annual bonus plan and any LTIA. The circumstances when Malus and Clawback may apply are documented in the Directors Remuneration Policy section of the Annual Report and Accounts, found here:

<https://www.aviva.com/investors/annual-report/>

#### GUARANTEES

Guaranteed awards are only offered for the year of hire in exceptional circumstances and provided the legal entity has a sound and strong capital base. In line with Aviva’s policy, guarantees must:

- Not be more generous than necessary and only offered if alternate approaches, such as full year bonus opportunity, are not considered appropriate.
- Not be offered to Executive Directors.
- Be subject to a minimum standard of personal performance, behaviour and conduct.

Guarantees are subject to appropriate governance and approvals and are subject to Aviva’s Malus and Clawback Policy.

## OTHER INFORMATION (CONTINUED)

As at 30 June 2023

### 2. REMUNERATION DISCLOSURE – UCITS (CONTINUED)

#### SEVERANCE

Any severance payment above and beyond statutory or existing contractual entitlements is at the company's absolute discretion. There is no automatic right to a pro-rata bonus payment in the event of termination of employment by the company or individual. Any bonus payments related to early termination of contracts are at the company's discretion and will reflect performance achieved over time and designed in a way which does not reward poor conduct or failure. Treatment of any unvested share, fund or bonus awards are governed by the relevant plan rules. There is no automatic entitlement to any payment under these plans other than where expressly stated in the plan rules.

The maximum severance pay is based on Aviva applicable policies; in the event of redundancy the maximum severance pay is calculated based on year of service, with each year of service representing a proportion of salary as per Aviva Discretionary Redundancy policies, plus a discretionary pro-rata lost bonus opportunity.

In non-redundancy exits the criteria used to determine maximum severance pay is linked to the reason for the exit, the employees' length of service and the requirement to reach settlement weighted against the legal risk of litigation. In the event of legal proceedings, the maximum severance payment may exceed the calculated and determined approach above.

#### MATERIAL RISK TAKER (MRTS) IDENTIFICATION

Aviva Investors identified MRTs in accordance with Remuneration rules and guidance.

The MRT population is reviewed at least annually by the AI Luxembourg Remuneration Committee and individuals are notified of their status.

#### QUANTITATIVE REMUNERATION DISCLOSURES

There were 7 Material Risk Takers Remunerated from AI Lux as at the end of the 2022 performance year. Aggregate remuneration expenditure in respect of these staff for the 2022 performance year was €0.9million.

Fixed remuneration represents 77% of this total, with 4% being pension/benefits and 19% variable remuneration.

Of the total variable pay (bonus and LTIP) made to Code staff, 27% was deferred.

AI Lux outsources fund management to Aviva Investors Global Services (AIGSL) Limited and other companies. AIGSL is covered under the UK implementation of Investment Firms Prudential Regime (IFPR) and its fund managers provide services to other Group Companies and Clients.

There were 41 individuals identified as Material Risk Takers for AIGSL, the aggregate remuneration expenditure in respect of these staff for the 2022 performance year was £21.5m. This amount relates to total remuneration and not remuneration specifically apportioned to activities completed on behalf of AI Lux.

Fixed remuneration represents 41% of this total, with 6% being pension/benefits and 53% variable remuneration.

Of the total variable pay (bonus and LTIP) made to these staff, 67% was deferred.
